

Amarnath Chappidi

+1 (680) 219-2497 | amarnathchowdary15@gmail.com <https://www.linkedin.com/in/amarnath-chappidi-240b8a267/>

Summary

Highly motivated and skilled Senior Software Engineer with over 5.5 years of experience in designing, developing, and maintaining robust web applications. Expertise in Node.js, Java, and modern front-end frameworks such as React, Angular, and Vue. Proficient in building microservices, designing RESTful APIs, and deploying cloud-based applications using AWS and Azure. Strong advocate for DevOps practices, including CI/CD, containerization, and automated testing. Adept at collaborating in agile environments and driving innovation in fast-paced, cross-functional teams.

Skills

Languages/Technologies: Java, Node.js, JavaScript, TypeScript, React.js, Angular, Vue.js, CSS, HTML, Swift, Kotlin, Python, SQL, Shell Scripting

Frameworks: Spring Boot, Spring Security, Express.js, Kafka, RabbitMQ

DevOps/Tools: Docker, Kubernetes, Jenkins, Maven, Groovy, Webpack, Gulp, Grunt, Git, Concourse

Cloud: AWS (Lambda, S3, EC2, API Gateway), Azure (App Services, Functions), Serverless Development

Testing: JUnit, Selenium, Mocha, Jasmine, Protractor, Cucumber, Mockito

Other: Microservices Architecture, RESTful API Design, Swagger, Agile Methodologies, Service-Oriented Architecture (SOA), Asynchrony (Promises, Observers, Event Loops)

Mobile Development: Native iOS and Android (Swift, Kotlin)

Database: MongoDB, DynamoDB, PostgreSQL, Cassandra, Redis

Work Experience

Senior Software Engineer - Verizon, USA

December 2022 - Present

- Designed and developed internet-facing applications using Node.js, Express.js, and React.js for dynamic user experiences.
- Migrated Java-based applications to cloud platforms, utilizing AWS services like Lambda, S3, API Gateway, and Docker containers.

- Implemented CI/CD pipelines with Jenkins and Concourse, enabling automated testing and continuous delivery.
- Built RESTful APIs and integrated with modern front-end technologies, including Angular and Vue.js, to ensure seamless data flow.
- Conducted automated testing using Mocha, Jasmine, Selenium, and Cucumber to improve code quality.
- Utilized Kubernetes for orchestrating containerized applications, ensuring scalability and reliability.
- Designed and implemented continuous JavaScript environments with tools such as Webpack, Gulp, and Grunt.

Full Stack Developer - Safeway, USA

August 2021 – February 2022

- Designed scalable Java applications using Spring Boot for microservices architecture, and RESTful APIs for seamless integration with other systems.
- Utilized Apache Kafka and RabbitMQ for real-time data streaming and messaging solutions.
- Deployed and managed applications on AWS and Azure cloud platforms, implementing serverless solutions where applicable.
- Conducted performance optimization using advanced profiling and monitoring tools, ensuring system scalability and reliability.

Full Stack Developer - USAA Bank, USA

April 2019 – June 2021

- Developed and enhanced features for financial applications using Angular, React.js, and Spring Boot.
- Designed and optimized RESTful APIs, ensuring efficient communication between services.
- Deployed applications using Docker and Kubernetes on AWS and Azure environments.
- Automated testing workflows using Selenium, JUnit, and Mockito to ensure high-quality deliverables.
- Applied design principles like SOLID and DRY to create scalable, maintainable software architectures.

Projects

Medical Diagnosis System

- Built a system using machine learning algorithms to assist doctors in diagnosing diseases based on symptoms and medical history.

Reviews Sentiment Analysis System

- Engineered sentiment analysis models using Word2Vec embeddings and regularization techniques.

Personal Finance Management Tool

- Developed a Node.js and Spring Boot infrastructure for user authentication, transaction categorization, and financial data processing.

Education

Master of Science (M.S) in Computer Science

Southern Arkansas University, USA

Bachelor of Science (B.S) in Computer Science

Anna University, India
