

# LEO FRANK FINZEL

## Software Engineer

☎ +1 917 672 8613 @ leo.finzel1017@gmail.com 🔗 www.linkedin.com/in/leo-frank-finzel 📍 Corpus Christi, TX, 78404

## SUMMARY

Experienced software developer with a proven track record across front-end and full-stack roles, specializing in building innovative, user-friendly, and scalable solutions. Proficient in modern JavaScript frameworks like Next.js, React.js, Vue.js and classic framework like Laravel, Ruby on Rails, delivering high-performance applications and contributing to all stages of the development lifecycle. Adept at collaborating in agile environments, translating complex requirements into impactful solutions, and enhancing usability for diverse platforms. Passionate about leveraging cutting-edge technology to drive business success and elevate user experiences.

## EXPERIENCE

10/2022 - Present

Dublin, Ireland

### Full Stack Engineer

#### Digipro AI

- Implemented a multi-tenant architecture using Laravel to cater to diverse clients, ensuring data isolation and security between tenants.
- Developed Video call portal using "100ms.live - prebuilt"
- Integration third party APIs (vonage api, DocuSign service, Stripe payment).
- Implement complex business logic - Bank processing system.
- Export PDF from HTML in Laravel and 2x faster update response processing speed.
- Developed Custom Email marketing for CRM

06/2023 - 11/2024

Redwood City, CA

### Software Engineer

#### Aviso AI

- Developed and maintained scalable web applications using Next.js for server-side rendering and improved performance.
- Implemented interactive UI components with Vue.js, enhancing user engagement and functionality.
- Collaborated with cross-functional teams to design and optimize application architecture, improving load times and user experience.
- Designed and implemented scalable web applications utilizing Python frameworks, ensuring high performance, responsiveness, and maintainability.
- Conducted code reviews and contributed to best practices in coding standards, accessibility, and performance optimization.

10/2020 - 04/2023

Lindon, UT

### Full Stack Next.js Developer

#### Crumbl

- Designed and implemented user-friendly interfaces with Vue.js, ensuring a responsive and engaging customer experience.
- Developed server-side functionalities using Next.js, optimizing performance and scalability.
- Successfully integrated the Google Maps API to enhance location-based services, allowing customers to find nearby Crumbl stores easily.
- Developed and maintained RESTful APIs and microservices using Node.js and Express.js, ensuring optimal performance and scalability.
- Utilized testing frameworks such as Mocha, Chai, and Jest to ensure code quality through comprehensive unit and integration testing.

09/2017 - 06/2020

Fort Worth, TX

### Laravel Developer

#### Hike Branding

- Designing and implementing RESTful APIs with Laravel, ensuring high performance and responsiveness to requests from the front end.
- Collaborating with frontend developers to integrate Next.js and Vue.js, enhancing user experience through interactive and responsive web interfaces.
- Utilizing MySQL for database design, optimization, and management, ensuring data integrity and efficient data retrieval.
- Employing Git for version control, collaborating with team members on code reviews and feature enhancements.

EXPERIENCE

02/2015 - 06/2017

Houston, TX

Python Django Developer

Coding Pixel

- Designed and implemented scalable web applications using Python frameworks, ensuring high performance and responsiveness.
- Employed Test-Driven Development (TDD) practices to design and build comprehensive test suites, significantly enhancing code quality, ensuring robust functionality, and reducing bugs in production.
- Developed and executed unit tests to validate individual components, achieving a coverage rate of over 90% to ensure each part of the application performs as expected.
- Collaborated closely with cross-functional teams to gather requirements and deliver features that enhance user experience.

EDUCATION

07/2010 - 10/2014

Houston, TX

Bachelor of Science - BS, Computer Science

University of Houston-Clear Lake

SKILLS

|            |            |            |          |          |           |       |             |             |         |        |
|------------|------------|------------|----------|----------|-----------|-------|-------------|-------------|---------|--------|
| JavaScript | TypeScript | Node.js    | React.js | Next.js  | Vue.js    | Redux | PHP         | Laravel     | Python  | Django |
