

Michael Smith

2309 NW 8th Ct, Fort Lauderdale, FL 33311 | (561) 614-2415 | miketeksmith@gmail.com

Summary

Senior Full Stack .NET Engineer with 8+ years of experience using **.NET Core**, **C#**, **SQL Server**, **Angular**, and **Azure** cloud services. Experienced in **CI/CD** pipelines, **API** integration, microservices, and team collaboration in **Agile** environments.

Experience

SENIOR SOFTWARE ENGINEER

Pixel Health | December 2021 – September 2024

- Developed and maintained services using **.NET Core 8**, **C#**, and **SQL Server** for **healthcare** applications.
- Architected microservices with **Azure Functions**, **Azure Service Bus**, and **Azure Event Hub**.
- Ensuring **FHIR API** and **HL7** healthcare standards.
- Implemented workflow and logic on **SQL Server** using **T-SQL** and **stored procedures** as **MVVM**.
- Automated **CI/CD** pipelines with **Azure DevOps** and **Git** for seamless deployment of microservices.
- Monitor and **troubleshoot** the issues from different staged servers including production using **Grafana**.
- Integrate **Angular** applications, using **RESTful APIs** and **GraphQL** for data exchange.
- Implemented unit and integration testing using **NUnit**, **Cypress**, and **Mocha**.
- Collaborated with cross function teams to make details and track the progress of projects.
- Transferred knowledge of the products, projects, and team culture to junior developers and new hires.

FULL STACK ENGINEER

UPS | September 2020 – September 2021

- Built full-stack applications using **ASP.NET Core**, **C#**, and **Angular13** to improve customer order management and delivery systems.
- Led API Integration, Versioning and Throttling with third-party logistics systems.
- Used **PostgreSQL**, **Azure CosmosDB**, **Apache Kafka** to manage large datasets with high availability.
- Enhanced system security with **OAuth2**, **JWT**, **MFA**, and **Azure Key Vault**.
- Deployed applications using **Azure App Services** and configured monitoring with **Azure App Insights**.
- Improved **React** frontend performance while enhancing backend stability with **Entity Framework Core**.
- Orchestrated using **Kubernetes**, **Docker Compose**, and **Azure Kubernetes Service** for scalability.
- Conduct code review and mentored junior developers with coding standards and best practices.

SOFTWARE DEVELOPER

Peabody Properties | August 2018 – July 2020

- Designed services using **ASP.NET Web API** and **C#**, integrating other **real estate** systems' external APIs.
- Integrated **Salesforce** and **ServiceNow** APIs to the project for customer management.
- Leveraged **SQL Server** and **T-SQL** for database optimization, ensuring high performance.
- Migrated legacy applications from **ASP.NET Web Forms** to **MVC**, improving maintainability.
- Configured **OAuth2** and **Azure AD B2C** for secure authentication and role-based access control.
- Employed **AWS Code Pipelines** for continuous integration and delivery of backend services.
- Implemented serverless architecture using **AWS Lambda** and **AWS API Gateway** and **Load Balancer**.

- Managed **AWS EC2** servers on **Windows Server/Ubuntu** with **Bash** and **PowerShell** scripts.

JUNIOR SOFTWARE ENGINEER

Boeing | April 2016 – June 2018

- Developed internal tools for flight booking projects using **.NET 4.X Framework**, **C#**, and **WCF**.
- Created data-driven applications with **Azure SQL** and data lakes using **Azure Data Lake** and **Azure Synapse Analytics**.
- Optimized **REST APIs** and **Web Services** for cross-departmental data sharing and collaboration.
- Collaborated with the cloud team to deploy services on **AWS Lambda** and integrate with **Azure Cognitive Services** for AI-driven solutions.
- Wrote automated unit tests using **MSTest** and **NUnit** to ensure code quality and prevent regressions.
- Built frontend pages using **HTML5**, **CSS**, **jQuery**, **AngularJS** and **AJAX** for communication with **API**.

Education

BACHELOR OF SCIENCE IN COMPUTER SCIENCE

University of North Florida | September 2012 – April 2016

- C++, Java

Certification

COMPTIA SECURITY+ CERTIFICATION | CERTMETRICS | APRIL 2013

CKAD: CERTIFIED KUBERNETES APPLICATION DEVELOPER | THE LINUX FOUNDATION | JUNE 2022
