EDUCATION

Master of Science - Business Analytics & Information Systems University of South Florida, Tampa, USA	Dec 2024
Bachelor of Science - Accounting and Business Statistics Sardar Patel College, Chandrapur, India	May 2019

WORK EXPERIENCE

ZM Technologies Data Analyst	Pune, India Jul 2020– Jun 2023
- Led the development of a financial performance tracking system using ETL, reducing manual effort by 40% and improving data-driven decision-making. - Developed a PL/SQL framework for Financial Data Warehouse (FDW) housekeeping, resulting in a 70% (~43 TB) database size reduction and improved space utilization. - Automated database health monitoring using Oracle SQL, achieving 100% automation and enabling business users to generate insightful reports independently. - Designed and implemented an XML and Python framework with Control-M to automate 83 jobs, streamlining operations and significantly reducing client requests. - Built interactive Power BI dashboards using SQL and DAX to track key sales, marketing, and customer churn KPIs (e.g., CLTV, CAC). Reduced report generation time by 15% and drove a 5% increase in customer retention. - Created resources in Metadata Manager (MDM) for ETL processes from staging to the monthly master database. - Delivered ad hoc and recurring reports, leveraging Power BI to boost resource allocation efficiency by 25%. - Streamlined deployment and code check-in processes with Git and Unix scripting, further optimizing the CI/CD pipeline. - Coordinated with the client and teams on migration and patching, leveraging Python to automate data validation and schema updates for smooth execution and stakeholder satisfaction.	
ZM Technologies PL/SQL Developer	Pune, India Jul 2019– Jun 2020
- Formulated and documented Functional and Business Requirement Documents (BRD), ensuring clear guidance for the development and testing phases and alignment with stakeholder expectations. - Leveraged ETL processes to transfer data to a centralized warehouse, cutting retrieval times by 25% and enabling actionable analytics. - Implemented data mapping and transformation processes, including data quality checks, leveraging AWS services (S3, Redshift, Glue) to improve data quality and efficiency. - Created Advanced Microsoft Excel reports with pivot tables and VBA macros for timely insights, presenting key findings to management using PowerPoint. - Utilized Agile with JIRA for project planning and tracking, achieving 40% faster delivery and successful outcomes. - Recognized with an 'On Spot Award' at ZM Technologies for consistently delivering timely solutions.	

TECHNICAL SKILLS

Languages:	SQL, NoSQL, Python, R, Unix-shell scripting.
Tools and Services:	Tableau, Power BI, Qlik Sense, Looker Studio, Excel, Microsoft Power Point, Visio, Lucid.
Cloud & Big Data Technologies:	AWS (S3, EC2, IAM, Glue, Redshift, Lambda, Athena, Quicksight), Azure (Azure SQL, Synapse), Databricks, Snowflake, Apache Airflow.
Machine Learning:	SkLearn, PyTorch, TensorFlow, Matplotlib, NumPy, Pandas, NLP.
Skills:	Agile, Scrum, Jira, UML, ETL, Control-M, SDLC, Putty, Git Repository, Confluence, Jenkins, Docker.

PROJECTS EXPERIENCE

Aug 2023 – Dec 2024

Uber Data Analytics (Python, GCP Storage, Mage Data Pipeline Tool, Big Query, Looker Studio)	
- Built an automated data pipeline using Mage, GCP, and BigQuery, improving data ingestion efficiency. - Developed a Looker Studio dashboard to analyze rider behavior and identify key business opportunities.	
Data Analysis of ADIDAS Sales (Power BI, AWS Redshift, Amazon S3, ETL, Data Warehousing)	
- Analyzed Adidas sales trends using AWS Redshift and S3, identifying a 10% increase in sales during Q4 due to holiday promotions. - Delivered insights through interactive Power BI dashboards.	
Electric Vehicle Population Data Analysis (PostgreSQL, Power BI, Python, Pandas, Data Warehousing)	
- Developed a PostgreSQL data warehouse using Python and Pandas for ETL to analyze the U.S. electric vehicle market. - Created interactive Power BI dashboards to deliver key insights and support strategic initiatives.	

CERTIFICATIONS AND AWARDS

- AWS** Certified Data Engineer Associate, **IBM** Data Engineering and Data Warehouse, Analytics.
