

Information Technology Leader

With over 20 years of experience in Information Technology leadership, I have honed my strategic planning, problem-solving, and technology transformation expertise to deliver exceptional results. My tenure at American Airlines as a Director and Senior Manager has equipped me with a profound understanding of maximizing resource utilization, enhancing operational efficiency, and driving significant revenue growth. My leadership approach is centered on fostering collaboration, mentoring emerging talent, and building sustainable relationships, ensuring scalability and profitability. Organized, systematic, and charismatic, I leverage my comprehensive skill set to excel in challenging environments, consistently achieving and surpassing organizational goals.

Selected Achievements

- ✓ **Business Operations Efficiency as Director, Loyalty & Marketing Technology:** Led a team of 31 employees and 73 contractors, managed a budget of over \$10M across six key performance indicators (KPIs), and realized a 35% improvement in business operations efficiency.
- ✓ **Strategic Leadership and Revenue Growth:** Formulated and executed 15 effective business strategies, leading to a 30% increase in revenue and acquiring 2.5M new Loyalty Program Members within 12 months.
- ✓ **Operational Efficiency and Cost Reduction as Senior Manager, Corporate Sales, and Lounges & Loyalty Technology:** Developed and implemented five strategies that collectively increased operational efficiency by 20%, reduced costs by 15%, and improved productivity by 40% within a year.
- ✓ **Cross-Functional Team Leadership and Project Completion:** Collaborated with over five business units to design and launch two technology-based solutions, achieving a 90% improvement in process efficiency and a 70% reduction in manual errors.
