

Kunreddy Sowmya
MuleSoft Developer
Email: kunreddysowmya24@gmail.com
Phone: +1(734)-620-4101

Professional Summary

Results-driven and highly motivated **MuleSoft Developer** with hands-on experience in designing, developing, and deploying API-led connectivity solutions. Proficient in **MuleSoft Anypoint Platform, RAML, DataWeave**, and cloud-based integrations. Strong problem-solving skills with the ability to adapt to fast-paced environments. Seeking an opportunity to apply my skills in integration development and contribute to innovative projects.

Technical Skills

- **MuleSoft Technologies:** Anypoint Platform, API Manager, Runtime Manager, DataWeave, RAML, MUnit, Mule 4.x
 - **Integration Technologies:** RESTful & SOAP Web Services, API Gateway, Event-Driven Architecture
 - **Middleware & Cloud:** CloudHub, Kubernetes, Docker
 - **Databases:** MySQL, PostgreSQL, MongoDB, Oracle
 - **Development Tools:** Git, Jenkins, Maven, JIRA, Postman
 - **Programming Languages:** Json, Python
-

Education

Masters in Trine University, [2022-2024]

Bachlors in Vignan Institute of Technology and Science, [2018-2021]

Professional Experience

MuleSoft Developer Intern

[Jameel Group AI], [Hyderabad ,India] | [May 2020] – [Nov 2022]

- Developed and deployed **API-led connectivity solutions** using MuleSoft Anypoint Platform.
 - Designed and implemented **RESTful APIs** and integrated them with enterprise applications.
 - Utilized **DataWeave** transformations for data mapping and conversion.
 - Implemented **MUnit test cases** to ensure API reliability and maintainability.
 - Worked with **CloudHub and on-premise deployments** for seamless integrations.
 - Collaborated with cross-functional teams to deliver high-performance integration solutions.
 - Designed and built **API-based integrations** as part of a cloud computing research project.
 - Configured MuleSoft **API Manager** to apply policies and security measures.
 - Conducted performance tuning and optimized **Mule flows** for improved efficiency.
-

Projects

Enterprise System Integration Using MuleSoft

- Developed a **microservices-based** architecture to integrate multiple applications.
- Implemented **JWT/OAuth authentication** for API security.
- Utilized **Anypoint MQ** for asynchronous messaging and event-driven processing.

E-Commerce API Development

- Designed **RESTful APIs** to manage customer orders and payment processing.
- Used **DataWeave** to handle JSON-XML transformations efficiently.
- Deployed the API on **CloudHub** and monitored performance using **Runtime Manager**.

Soft Skills

- Problem-solving and analytical thinking
 - Strong communication and teamwork
 - Adaptability and continuous learning
 - Time management and organization
-

Work Authorization

- **F-1 OPT** (Eligible for H1B Sponsorship)
