
Mark Onyeanus

2510 Cinnamon Springs Rd, Glenn heights, TX, 75154

+1 (470) 399 4495 ▪ markonyeanusi@gmail.com

PROFESSIONAL SUMMARY

A highly skilled **Cybersecurity Analyst** with over 6 years of experience specializing in **Incident Detection & Response, SIEM & SOAR Management**, and **Security Automation**. Expert in **Rapid7 InsightIDR, InsightConnect**, and **automation** tools like **Ansible, Puppet, Python**, and **PowerShell**. Proven ability to lead incident response activities, manage and optimize security tool configurations, and conduct in-depth analysis of security events to identify and mitigate threats. Strong background in developing and maintaining playbooks, **incident response frameworks**, and **vulnerability awareness**. Adept at managing investigations, providing quick mitigation techniques, and enhancing security posture through **gap analysis** and continuous improvement.

TECHNICAL SKILLS

- **Security Tools & Technologies:** **Rapid7 InsightIDR, InsightConnect**, SIEM (Splunk, QRadar), **EDR, IDS/IPS, Firewalls**, Web Application Firewalls, **DLP**, Vulnerability Scanning Tools (Nessus, Qualys)
- **Automation & Scripting:** **Python, PowerShell, Bash, Ansible, Puppet**
- **Incident Response & Investigation:** Incident Detection, **Root Cause Analysis, Incident Triage**, Investigation Management, SIEM Rule Creation, Playbook Development
- **Threat Detection & Analysis:** **Threat Hunting**, Log Analysis, Threat Intelligence Platforms, Correlation Rules, Incident Noise Reduction
- **Vulnerability Management:** Vulnerability Scanning, Penetration Testing, **Gap Analysis**
- **Security Frameworks & Compliance:** **NIST, MITRE ATT&CK, SANS, GDPR, HIPAA, PCI-DSS, FISMA**

CORE COMPETENCIES

- **Incident Detection & Response:** Lead and manage incident response activities, ensuring quick detection, analysis, and resolution of security incidents. Provide hands-on support to the **SOC** team during **high-priority events** and escalations.
- **SIEM & SOAR Management:** Manage and optimize **Rapid7 InsightIDR** and **InsightConnect**, including log source integration, custom parser development, and creating correlation rules.
- **Threat Analysis & Investigation:** Perform in-depth analysis of security events to identify successful intrusions and compromises, differentiating false positives from genuine threats to minimize incident noise.
- **Automation & Orchestration:** Leverage **Ansible, Puppet, Python**, and **PowerShell** to automate repetitive SOC tasks, improving efficiency in incident response and reducing manual intervention.
- **Configuration Management:** Use **Ansible** and **Puppet** to standardize SOC system configurations across multiple environments, ensuring consistency and security.
- **Investigation Management:** Lead investigations escalated from **Level 1 Analysts**, ensuring thorough documentation, investigation steps, and resolution to close incidents efficiently.
- **Quick Mitigation Techniques:** Implement **interim defensive measures** to provide immediate protection until permanent solutions are deployed.
- **Security Enhancements:** Develop and maintain **playbooks** in **Rapid7 InsightConnect** to orchestrate and streamline SOC operations, improving incident response times.
- **Gap Analysis & Recommendations:** Identify and report gaps in the security environment, providing **recommendations** for risk mitigation and security improvements.
- **Vulnerability Awareness:** Stay up to date with the latest vulnerabilities, threat advisories, and penetration techniques to proactively defend against emerging threats.

CERTIFICATIONS

- ISC2 | **Certified Information Systems Security Professional** (CISSP), Expected 2025.
- EC Council | **Certified Ethical Hacker** (CEH), 2024
- CompTIA | **CompTIA Security+**, 2022
- CompTIA | **CompTIA CySA+**, 2022
- CompTIA | **CompTIA Network+**, 2021
- CompTIA | **CompTIA PenTest+**, 2024
- ISACA | **CISA**, 2022
- ISACA | **CRISC**, 2023

EDUCATION

Maharishi International University (MIU) Fairfield, IA
Master of Business Administration June, 2024

University of Abuja Abuja, Nigeria
Bachelor of Science in Computer Science and Engineering August, 2015

PROFESSIONAL EXPERIENCE

PricewaterhouseCoopers LLP (PwC) Dallas, TX
Cyber Security Analyst January 2023 – Present

- Lead **incident detection** and **response activities**, ensuring quick identification, triage, and remediation of high-priority security events.
- Managed **Rapid7 InsightIDR** and **InsightConnect**, optimizing correlation rules, integrating log sources, and developing custom parsers to improve incident detection.
- Leveraged **Python** and **PowerShell** to automate security operations and incident response processes, enhancing efficiency and minimizing human error.
- Conducted in-depth analysis of security events and logs, identifying potential threats, and differentiating false positives from genuine security incidents.
- Developed and maintained **playbooks** in **InsightConnect** to automate **incident response processes**, contributing to streamlined workflows and faster resolution.
- Stayed current with vulnerabilities and new attack techniques, ensuring proactive threat mitigation and improved security posture.

Dell Inc. Austin, TX
Security Operations Centre Analyst (SOC Analyst) July 2018 – December 2022

- Led the **incident investigation** process for escalated events from **Level 1 Analysts**, ensuring thorough documentation, analysis, and resolution.
 - Optimized SIEM and SOAR configurations, including custom rule development and integration with various security tools.
 - Implemented **quick mitigation techniques** to contain threats and protect sensitive data during high-priority incidents.
 - Worked closely with cross-functional teams to identify security gaps and recommended **risk mitigation measures** to improve overall defense strategies.
 - Developed and maintained security configurations using **Ansible** and **Puppet**, ensuring consistency across multiple SOC environments.
-

ADDITIONAL INFORMATION

- **Interests;** Cybersecurity Research and Threat Intelligence, CTF Competitions, Gaming, IT & Security audits, Cybersecurity Training and Mentorship, Hackathons and Public Speaking.
- **Founder/Creative Director;** Future Apparel Luxury Clothing Company.
- **Volunteer;** CyberPatriot (National Youth Cyber Defense Competition), Hack for Good.
- **Youth Mentor, Motivational Speaker**
