- Microsoft Office Applications

PROFESSIONAL EXPERIENCE

Lord Aeck Sargent, Project Administrator

05/2022 – Present

- Oversee administrative operations for 40+ architectural projects, spanning Historic Preservation, Housing, and Mixed-Use developments.
- Drive project efficiency by managing schedules, ensuring timely delivery of key milestones.
- Serve as a central point of coordination between architects, engineers, clients, and contractors, streamlining communication and collaboration.
- Spearhead the organization and tracking of critical project documents, including drawings, specifications, and permits, ensuring seamless workflow and compliance.
- Lead contract management efforts by preparing, reviewing, and maintaining project contracts, ensuring adherence to regulatory requirements and mitigating risks.

United States Army, Administrative Support Specialist

07/2017 – 05/2022

- Provided strategic guidance on complex projects, policies, and procedures, ensuring operational effectiveness.
- Led technical training initiatives, equipping new personnel with essential skills for seamless integration.
- Supported senior leadership with high-level administrative functions, managing calendars, coordinating meetings, and delivering top-tier client and employee support.
- Modernized record-keeping systems, transitioning from manual to digital, significantly improving efficiency and accessibility.
- Leveraged Microsoft Suite to track performance metrics, analyze marketing initiatives, and generate reports that informed decision-making for 250+ personnel across the department.
