SUMMARY

Dynamic IT professional with 11 years of experience seeking a Help Desk Specialist role. Expertise in troubleshooting, customer service, and managing complex IT environments, including experience with Spiceworks Help Desk and Azure. Proven track record in enhancing system efficiency and user satisfaction through effective problem-solving and training.

WORK EXPERIENCE

Minth Group

Business Analyst

Lewisburg, TN

Dec 2023 - Present

- Administer Plex ERP and implement new PCN setups, ensuring accurate master data through regular reviews and SQL query-generated reports.
- Analyze and troubleshoot manufacturing business processes and EDI issues, facilitating management discussions on potential improvements.
- Enhance production environment by managing access rights and providing ERP training to key department leaders, leading to improved operational efficiency.

Jagemann Precision Plastics

Network & Plex Support Specialist

Murfreesboro, TN

Aug 2018 - Nov 2023

- Managed Plex ERP system administration, ensuring robust integration and functionality within the existing IT infrastructure.
- Successfully migrated from On-Premises Exchange to Exchange 2016 Hybrid and transitioned from Office 2019 to Office 365 Apps, enhancing operational efficiency.
- Implemented Azure Multi-Factor Authentication for the Office 365 environment, strengthening security protocols and user access controls.

Dayton Rogers Manufacturing

Network Support Technician

Minneapolis, MN

Oct 2015 - Aug 2018

- Performed LAN troubleshooting and resolution, ensuring seamless network administration and minimizing downtime.
- Managed the configuration and performance of PC systems and telecommunications, enhancing overall system efficiency.
- Maintained data integrity and file system security by managing passwords and providing employee training on software applications.

U.S. Bank

Help Desk Technician

Saint Paul, MN

Oct 2014 - Oct 2015

- Provided technical support for proprietary software, addressing user inquiries and resolving issues to maintain high customer satisfaction levels.
- Documented and reported on recurring issues and error trends, contributing to improved software performance and user experience.

Gander Mountain

POS Software Technician

Saint Paul, MN

Sep 2014 - Sep 2014

- Upgraded the operating system for POS scanners across multiple retail locations, ensuring seamless integration and improved operational efficiency.

- Developed and implemented a comprehensive training program for the new operating system and defined procedures for the replacement of defective scanners.

GENCO

Nashville, TN

EMR Technician

May 2014 - Aug 2014

- Diagnosed and resolved hardware and software issues across multiple platforms, including notebooks, desktops, and servers, to ensure optimal system performance and reliability.
- Conducted cost-effective repairs, including hardware replacement and cosmetic fixes, to enhance system functionality and appearance.

Alorica

La Vergne, TN

Lead Computer Repair Technician

Jan 2013 - Jan 2014

- Managed and mentored a team of eight repair technicians, ensuring timely completion of repairs and maintaining high standards of service.
- Prepared detailed production reports for the Repair Supervisor, while providing expert troubleshooting and repair for various models of HP Notebook, Desktop, and All-In-One computer systems.

EDUCATION

Nashville State Community College

Nashville, TN

Associate's Degree, Computer Networking Technology

Aug 2014
