PROFFESIONAL SUMMARY

Results-driven professional with 4+ years of experience in ServiceNow development and advanced SQL/database management. Expertise in designing, developing, and implementing scalable solutions on the ServiceNow platform, including IT Service Management, IT Operations Management, and HR Service Delivery modules. Proficient in JavaScript, HTML, CSS, REST/SOAP APIs, Glide API, and advanced SQL for optimizing workflows, database structures, and data integrity. Skilled in integrating ServiceNow with third-party tools like Splunk, Qualys, and AWS, and experienced in Agile/Scrum methodologies. ITIL certified with a proven ability to translate business requirements into technical solutions, automate processes, and deliver end-to-end solutions for Incident Management, Change Management, and Service Catalog. Adept at system configurations, process improvements, and ensuring seamless platform performance.

EDUCATION

Southern Arkansas University

Magnolia, AR

Master of Computer and Information Sciences

May 2025

Python Programming, Big Data, Statistical Learning, Computer Networking

Recognized with the Best Project Award and Active Participation Award for outstanding academic performance and contributions at Southern Arkansas University

WORK EXPERIENCE

Tata Consultancy Services

Hyderabad, TG

Service Now Developer

Spearheaded end-to-end automation of ITSM modules and Service Catalog, leveraging JavaScript, REST/SOAP APIs, and UI enhancements to reduce resolution times by 30% and manual effort by 50%, aligning with ITIL best practices.

2022 -2023

- Designed and implemented ServiceNow solutions for Incident Management, Change Management, and Service Catalog, improving operational efficiency by 25%.
- Worked on version upgrade from Tokyo to Utah.
- Developed and delivered customized ServiceNow portal pages using Bootstrap, AngularJS, and JavaScript frameworks, enhancing user experience and reducing service request resolution time by **15%**.
- Developing and configuring Business Rules, Script Includes, UI Policies, Data Policies, Catalog Client Scripts, ACL's and Client Scripts.
- Integrated ServiceNow with third-party tools like Splunk, Qualys, and AWS using REST APIS, SOAP APIs, enabling seamless data flow and process automation.
- Worked directly with end users to troubleshoot and resolve 100+ platform support issues, aligning fixes with ITIL processes and business needs.
- Automated 90% of regression testing using Automated Test Framework, reducing manual effort and improving accuracy.
- Configured ServiceNow Discovery for automated asset tracking and MID Server for seamless integration with on-premise systems.
- Collaborated with stakeholders to gather requirements, create technical documentation, and deliver solutions aligned with business goals.

Tata Consultancy Services

Hyderabad, TG

Sql Developer

2021 - 2022

- Developed ICICI mortgage/education loan projects using SQL, Putty, data scraping, and production support for analysis, updates, and issue resolution.
- Led ICICI mortgage/education loan projects, leveraging SQL and Putty for database updates, analysis, and troubleshooting.
- Executed data scraping, resolved production issues, and streamlined loan processing workflows.
- SQL, Putty, data management, production support, banking/finance expertise.

SKILLS

- **ServiceNow Modules:** ITSM, ITOM, HRSD, Change Management, Incident Management, Problem Management, Asset Management.
- **Web Technologies:** HTML, CSS, JavaScript, AngularJS, REST/SOAP APIs, XML.
- **Scripting:** JavaScript, Jelly Script, Glide API.
- **Tools:** Automated Test Framework, ServiceNow Discovery, MID Server Configuration.
- **Integration:** REST/SOAP APIs, third-party tools (Splunk, Qualys, AWS).
- **Methodologies:** Agile, Scrum, SDLC.

Certifications

- Certified System Administrator (CSA) Service Now
- Supervised Machine Learning: Regression and Classification Coursera
- Advanced Learning Algorithms Coursera
- Apache Spark 3 Programming in python Udemy
