SAP Developer | SAP HR Developer

SAP Developer with over 5 years of experience in designing and developing solutions using SAP ABAP and HR ABAP. Proven track record in driving system improvements, optimizing business processes, and ensuring technical robustness. Experienced in collaborating with cross-functional teams, gathering business requirements, and translating them into effective SAP solutions. Skilled in troubleshooting, system analysis, and ensuring adherence to SAP best practices. Continuously exploring emerging SAP technologies such as SAP S/4HANA and Agile methodologies to remain current and adaptable. Holds a Master's in Information Systems with a concentration in Business Analytics.

Skills & Expertise:

- SAP ABAP, HR ABAP (Expert)
- Module Pool Programming & Smart Forms (Expert)
- SAP S/4HANA (Working Knowledge)
- SAP Integration: PI/PO (Familiar)
- Data Analytics & Reporting (Intermediate)
- OData Services (Beginner)
- Agile Development & Collaboration (Experienced)
- System Testing, Quality Assurance & Troubleshooting (Experienced)
- Cross-Functional Collaboration & Technical Documentation (Experienced)
- Bug Investigation, Performance Optimization (Experienced)

Professional Experience

SAP Consultant

Capgemini India, Hyderabad — Dec 2017 to Dec 2022

- Led the successful implementation of SAP HR modules by analyzing business processes and aligning technical specifications with client expectations. Worked closely with both onshore and offshore teams to ensure project alignment and timely delivery.
- Collaborated with business analysts to refine requirements and develop SAP solutions using ABAP and HR ABAP, enhancing system reliability and performance.

- Conducted in-depth testing and quality assurance to ensure that all code met SAP's strict standards, reducing the occurrence of system issues post-launch.
- Optimized SAP processes and modules, significantly improving the efficiency of key business functions by streamlining integration with various SAP modules and external systems.
- Provided mentorship during code reviews, encouraging team members to adopt best coding practices and maintain consistent quality across projects.
- Maintained comprehensive technical documentation, ensuring clear communication across stakeholders and easy handoff for future support.
- Gained experience in SAP S/4HANA implementations, exploring its advantages and integrations for process improvements.

Education

Master of Science in Information Systems

Concentration: Business Analytics

Marist College, Poughkeepsie, NY — Dec 2024

GPA: 3.65

Bachelor of Technology in Electronics & Communications Engineering

Jawaharlal Nehru Technological University, Hyderabad — May 2017

CGPA: 6.8

Achievements

- Led SAP HR implementations independently for offshore teams, ensuring seamless integration of solutions with business processes.
- Consistently reduced production issues by improving code quality and implementing process optimizations.
- Earned high-performance ratings in 2020 and 2021 for exemplary project execution and leadership in technical teams.
- Managed multiple development projects, balancing timelines, quality, and resource constraints to deliver results.

Technical Skills

- Languages: ABAP, SQL
- Tools: SAP NetWeaver, Eclipse, Smart Forms
- Platforms: SAP ECC, SAP S/4HANA, SAP Cloud Platform
- Development Methodologies: Agile, Waterfall
