

Mahabubu Yahaya

Bronx, NY | 973-979-5841 | y.mahabubu2@gmail.com | [LinkedIn](#) | [Cybersecurity Portfolio](#)

Cybersecurity Analyst with relevant experience in Quality Control Specialist roles healthcare, and customer service and currently completing Google Cybersecurity Professional certificate. Experienced in regulatory compliance, data protection, incident response with strengths in proactive risk assessment and real-time monitoring. Seeking a cybersecurity role with opportunities to apply problem-solving skills and technology proficiency in a dynamic cybersecurity environment.

RELEVANT SKILLS & EXPERTISE

Tools/Languages: Linux, Windows, SQL (BigQuery), Splunk, WireShark, Tcpdump, Suricata, Python, ChatGPT.

Security Practices: Information Security, Network Security, Vulnerability Assessment, Threat Analysis, Log Analysis, Security Frameworks and Controls

Software Platforms: Google Workspace, Slack

Strengths: Problem-Solving, Data Analysis, Attention to Detail, Maintaining Compliance with Industry Regulations and Policies.

CYBERSECURITY PROJECTS

TryHackMe Rooms: Utilized interactive, gamified virtual environment to enhance practical knowledge and hands-on skills:

- **Linux Fundamentals** (1, 2, & 3) and **Linux Strength Training** - Navigated directories and files, adjusted permissions, analyzed logs, explored common utilities
- **Intro to Logs** and **Log Analysis** - Identified log types, located logs, employed regular expressions (RegEx), and utilized command line and CyberChef for effective log analysis
- **Wireshark Basics** and **Wireshark 101** - Gained proficiency in packet dissection, navigation, and filtering techniques; analyzed ARP, ICMP, TCP, DNS, HTTP, and HTTPS traffic for network troubleshooting and security analysis
- **Windows Fundamentals** (1, 2, & 3) and **Windows Forensics** (1 & 2) - Acquired fundamental understanding of Windows, including file systems, user account control (UAC), control panel, system configuration, security, firewall, registry, and FAT/NTFS file systems; developed skills in accessing hives, utilizing registry explorer, and recovering files
- **Splunk Basics**, **Incident Handling with Splunk**, and **Splunk** (2 & 3) - Developed skills in navigating Splunk; conducting incident handling using Splunk; participated in the Boss of the SOC investigation for security analysis

PROFESSIONAL EXPERIENCE

Independent Driver • Uber Inc, California, CA

10/2019 - Present

- Protecting sensitive customer data by strictly following data privacy protocols, achieving a customer satisfaction score of 4.9 out of 5 and demonstrating a commitment to secure information handling.
- Addressing 6+ real-time incidents efficiently during rides, developing problem-solving capabilities essential for identifying and resolving cybersecurity threats under time constraints.
- Ensuring compliance with operational guidelines through adherence to established protocols, achieving a 96% compliance rate and reinforcing dedication to regulatory and security standards.

Licensed Practical Nurse Clinical Training • Peace Care St Ann's, Jersey City, NJ

09/2021 - 10/2022

- Followed stringent regulatory standards client's cases, gaining foundational compliance and policy adherence experience valuable for cybersecurity protocols.
- Documented vital changes in real-time, developing disciplined reporting and monitoring skills critical for effective security event tracking.
- Responded to patient emergencies effectively, honing swift decision-making abilities essential for real-time incident response in cybersecurity.
- Ensured regulatory compliance by implementing and overseeing health and safety protocols.
- Conducted routine quality assurance checks to identify and mitigate risks in food safety and production
- Developed and enforced operational procedures to maintain quality standards and regulatory adherence, reflecting a strong commitment to protocol and policy implementation
- Led incident response for safety and operational issues on the production floor

Home Health Aide • Astra Home Care

04/2019 - 10/2021

- Secured client's confidential records in compliance with HIPAA, showcasing commitment to privacy and data protection principles aligned with cybersecurity protocols.

- Adapted to unique patient needs across 3 cases, strengthening adaptability and problem-solving skills applicable to managing dynamic cybersecurity challenges.
- Implemented individualized care for diverse clients, building critical thinking and responsiveness essential for navigating evolving security threats.

Quality control Specialist • Do & Co, New York, NY

10/2019 - 03/2020

- Identified and mitigated 95% of quality risks, building skills in proactive risk assessment essential for detecting and preventing security vulnerabilities.
- Ensured 97% of inspections met strict health and safety regulations, enhancing adherence to regulatory standards critical for maintaining cybersecurity compliance.
- Reported discrepancies with recommended corrective actions, demonstrating the ability to identify and resolve issues—a key competency in threat detection and incident management.

EDUCATION, CERTIFICATES, & CERTIFICATIONS

Google Cybersecurity Professional Certificate • Merit America, Virtual

In progress

- Cultivated holistic understanding of cybersecurity's critical role in organizational security, privacy, and success, including how to systematically identify and mitigate risks, threats, and vulnerabilities
- Gained practical experience with **Linux, SQL, Python** and utilized **SIEM tools, IDS, and network protocol analyzers** for proactive threat management
- Applied knowledge to real-world scenarios, developing skills in proactive **threat detection** and **response** through completion of dynamic hands-on projects, including: conducting a simulated **security audit**, responding to a **cyber incident**, analyzing **vulnerable systems**, and completing an **incident handler's journal**

Licensed Practical Nurse • NCLEX-PN • NJ Single State License.
