PROFESSIONAL SUMMARY

A detail-oriented analyst with a strong foundation in business analytics and hands-on experience in data analysis and financial modeling. Proficient in tools like SQL, R, Python, and Power BI. As a former student-athlete, I bring resilience, discipline, and a team-oriented approach to challenges. This background has taught me the value of teamwork and perseverance in achieving goals. I am committed to continuous learning and staying updated on the latest trends in data analytics to solve business problems and drive results effectively.

EDUCATION

University of Alabama - Huntsville

August 2024 - May 2025

Master's, Business Analytics

GPA: 4

- Relevant Courses: Advanced Analytics, Business Intelligence, IS Database, Operation Management, Econometrics, Decision Modeling, Quantitative Methods, and Data Mining.

University of Alabama - Huntsville

August 2020 - May 2024

Bachelor's, Economics and Information systems

GPA: 3.85

- Relevant Courses: Micro Economics Analysis, Macro Economics Analysis, Supply Chain, Labor Economics, Advanced Programming, System Analysis.

PROFESSIONAL EXPERIENCE

Al Shrouk

Cairo, Egypt

Data Analyst

May 2023 - August 2023

- Improved operational efficiency by 30% through in-depth analysis of energy consumption patterns and load requirements using Python (Pandas, NumPy) and R Studio, identifying key trends in the supply of main electrical systems.
- Enhanced cost-effectiveness by 25% by developing predictive models in R to forecast energy demand trends and utilizing Python (Scikit-learn) for statistical analysis and anomaly detection, ensuring compliance with electrical standards.
- Improved decision-making for energy consumption and financial performance by creating interactive dashboards using Power BI to visualize key performance indicators (KPIs) for operational efficiency.

University of Alabama - Huntsville

Huntsville, AL, USA

Teaching Assistant

August 2024 - Present

- As a Teaching Assistant, I support faculty in delivering coursework by assisting students with assignments, grading exams, and facilitating discussions
- I provide one-on-one tutoring, clarify complex concepts, and help create an engaging learning environment
- My role also includes managing course materials and ensuring students have the resources they need to succeed.

PROJECTS & OUTSIDE EXPERIENCE

Aviagen Chatbot Development

Huntsville, AL, USA

Chatbot Developer

January 2025 - Present

- As part of the Aviagen Analyst Team's efficiency initiative, I developed and implemented an AI-driven chatbot designed to streamline SQL query execution
- The chatbot enables analysts to retrieve and extract data by simply asking questions in natural language, eliminating the need for manually writing complex SQL queries
- This solution significantly reduces time spent on data retrieval, enhances workflow automation, and minimizes query errors
- My role involved integrating the chatbot with Aviagen's databases, optimizing NLP capabilities for query interpretation, and ensuring accurate data extraction
- Through continuous testing and user feedback, I refined the chatbot to improve accuracy, speed, and usability, ultimately enhancing productivity for the analyst team.
