

Mehdi Zimhi – Java Developer

Dallas, Texas

Phone: 916-647-1871 | Email: mehdizimhi001@gmail.com | <https://www.linkedin.com/in/mehdi-zimhi-52741a173/>

OBJECTIVE

Seeking an opportunity to leverage my expertise and passion for coding in a challenging and growth-oriented environment.

EDUCATION

- Associate's degree in computer science and a bachelor's degree in management information systems from a regionally accredited institution in the United States (Foundation for international services, Inc) 2024
- M.S. Computer Science, Moroccan School of Engineering Sciences, Marrakech, Morocco 2021
- B.S. Information Technology, Cadi Ayad University, Marrakech, Morocco 2018

SKILLS

Core Java - Java Frameworks - Database Management - Version Control - Agile Methodologies
RESTful Web Services - Testing Frameworks - Design Patterns

PROFESSIONAL EXPERIENCE

Java Developer, Silogik, Marrakesh, Morocco 10/2021 – 10/2023

- Used **Spring Boot** as **JAVA** back-end framework.
- Wrote clean, efficient, and well-documented code that meets industry standards and best practices.
- Wrote and executed unit tests to ensure the reliability and functionality of code.
- Used **Hibernate** as ORM to design and maintain database schema for the application.
- Used **RESTful APIs** to communicate and send data between the back-end and the application interface.
- Employed **Git** as version control systems to work effectively with other members of the team.
- Used **MySQL** as RDBMS

Full-stack Developer, Exploroc, Bretteville, France 5/2019 – 5/2021

- Developed desktop applications in **ElectronJS**, including developing new facets and improving current ones.
- Created user interface using **HTML, CSS, Javascript**.
- Backend services in the application, presented as **Python** files, are associated for calculation and data exchange
- Conducting checking of the product and debugging the application to create high-quality and error-free code.
- Discussed the needs of consumers and systems to discover technical solutions to meet those demands and distribute what I have received.

OTHER SKILLS

Languages: Java , JavaScript , PHP , SQL , C , Python

Web Services: RESTful , SOAP

Databases: MySQL , SQL Server , MongoDB , PostgreSQL

Web: Spring boot , JQuery , Bootstrap , Twig

Framework: Spring , Hibernate , JSF , Symfony , Doctrine , ElectronJS

Conception: UML , Merise , Design Pattern
