Fluent in several object-orientated, scripting and markup programming languages including C#, Java, and C++. Deep experience of developing professionally for medical industry applications. Proud team player focused on achieving project objectives with speed and accuracy. Former United States Marine.

Skills

Language Proficiencies: C# .NET, C++, C. Java, SQL, Javascript, HTML, PHP, XML, CSS, Python, Office Products, Git, Atlassian Products

Relevant Experience

Software Engineer

Cogstate New Haven, CT Aug 2021 - Jul 2024

- Developed feature functionality facilitating memory testing for patients in a medical setting.
- Delivered robust client and server side code based in C# .NET, Java, HTML, CSS and Javascript.
- Developed feature functionality within the platform framework for product specific requirements, while still maintaining re-use and leveraging design patterns.
- Developed clean code, reusable components, and unit tests.
- Understood and evaluated user stories, workflows and wireframes.
- Collaborated with product managers to expand upon desired functionality and provide technical approaches that accomplish the product needs.
- Identified functionality contained within our platform library as well as contributed to its capabilities.

Software Engineer

Stat Staff Professionals Saratoga Springs, NY Aug 2020 - Aug 2021

- Wrote server-side and client-side code for a staffing agency project using PHP, HTML, CSS and JavaScript.
- Contributed software engineering expertise in the development of products through the software lifecycle, from requirements definition through successful deployment.
- Integrated several application programming interfaces such as Nursys and TheGypseNurse.
- Completed maintenance on existing programs.

Professional Lab Assistant

SUNY Adirondack Queensbury, NY Sept 2018 - Sept 2020

- Explained the intricacies and implementation of several languages' syntax such as C++, C#, C, HTML, PHP, SQL, CSS and Javascript.
- Evaluated the level of understanding among individuals-attending to those who needed further development.

Marine

United States Marine Corps Sept 2015 - Sept 2017

- Took charge of planning, coordinating, and executing tactical exercises involving several other Marines.
