## WORK EXPERIENCE

**Ciora Solutions** Hyderabad, IN  
**Salesforce Developer** Jan 2020 – Feb 2023

- Configured and customized Salesforce platform features such as **workflows**, page layouts, **approval process**, and security models to align with business requirements
- Analyzed user needs and market trends to design and implement highly scalable Salesforce applications using **Apex, Visualforce, JavaScript, SOSL and SOQL**, ensuring 99.9% data accuracy in Salesforce dashboards
- Automated workflows using Salesforce tools (Triggers, Flows, Email Alerts) and **Lightning Components (Aura and LWC)**, resulting in a 25% improvement in operational efficiency
- Led system integrations between Salesforce and third-party ERP systems using **REST/SOAP APIs** to improve data synchronization and reduce manual data discrepancies by 30%
- Ensured data integrity and process adherence through strategic use of Data Loader, Workbench, and **ETL tools**, achieving a 35% reduction in manual entry time
- Implemented and monitored Sales Cloud, Service Cloud, Experience Cloud, and custom CRM solutions for optimal performance and user adoption
- Created and optimized **reports and dashboards** to deliver actionable insights for stakeholders, improving decision-making processes by 20%

## TECHNICAL SKILLS

**Salesforce Technologies:** Apex Classes, Lightning Web Components, Aura Components, Test Classes, Visual Force Pages, Triggers, Data modeling, Custom objects, Validation Rules, Workflows, Reports and Dashboards, Security (Profiles, Permission Sets, Roles), Omni Studio

**Programming Languages:** Apex, Visual Force, HTML, JavaScript, Java, SQL, CSS, SOQL, SOSL

**Operating Systems:** Windows, OS, UNIX/ LINUX

**Software/Tools:** Microsoft Office Suite (Word, Outlook, Access, Excel, PowerPoint), Data Loader, DocuSign, JIRA, Eclipse, Workbench, Tableau, Force.com Explorer, VS Code, Salesforce DX

## PROJECTS

**Optimized Web Identity Management using AWS Cognito, Pace University** Jan 2024 – May 2024

- Designed an optimized web identity management solution using AWS Cognito, focusing on security, scalability, and user experience
- Collaborated with peers from various academic disciplines, simulating real-world team dynamics to design and implement secure authentication protocols

**NYU Integration Project, Ciora Solutions** Jun 2022 – Aug 2022

- Integrated Salesforce Health Cloud features to streamline patient data management and improve the healthcare data-sharing process between systems, ensuring compliance with healthcare regulations
- Led the design, deployment, and automation of Salesforce workflows using Apex and Flows, reduced data discrepancies by 30% and improved pipeline visibility while following CI/CD best practices
