

PAVAN KUMAR REDDY AMIREDDY

Cincinnati, Ohio ✉ Pavankumarreddyamireddy01@gmail.com  [Linkedin](#)

TECHNICAL SKILLS

Languages: SAP ABAP, SQL, Programming in C, HTML/CSS, JavaScript

SAP Modules: SAP FICO, SAP Retail, SAP SD, SAP MM

ABAP Proficiency: Reports, Data Dictionary, Debugging, ALV Reporting, Smart Forms, BAPI, BADI, User Exits, Enhancements, ABAP Interfaces (IDocs, RFCs, BAPIs, BDCs), S/4 HANA Integration (Compatibility Testing, CDS Views, OData Services, Real-time Analytics), Performance Optimization (SQL Trace, Runtime Analysis, Code Inspector).

Databases: SAP S/4 HANA, MySQL, Oracle

Technologies/Frameworks: Azure, Linux, Jenkins

Tools: ABAP Debugging, SAP GUI, Putty, Wireshark

CERTIFICATIONS

- SAP Certified Associate - Back-end Developer - [ABAP Cloud](#)
- Azure Fundamentals Certification – Udemy

EDUCATION

University of Cincinnati

Master of Science: Information Technology, GPA: 4.0/4.0

Jan. 2024 – Apr. 2025

Cincinnati, Ohio

PROFESSIONAL EXPERIENCE

Tata Consultancy Services – Client: Woolworths

Jan. 2021 – Dec. 2023

SAP ABAP Developer

India

- * Analyzed and resolved over **100** user-reported issues using **ABAP debugging** tools to identify root causes, ensuring **95% resolution efficiency** and maintaining system reliability for critical business processes in **SAP ECC and S/4HANA**.
- * Developed and customized **75+** **ABAP** programs, including **ALV reports, Smart Forms, SAP Scripts, enhancements, and workflows**, delivering improved functionality across SAP modules such as **MM, FI/CO, SD, Retail, and HR**.
- * Applied knowledge of **SAP modules (MM, FI/CO, SD, Retail, and HR)** to develop and adapt **ABAP solutions**, ensuring **seamless integration with business processes** and addressing operational needs effectively.
- * Designed and implemented **ABAP interfaces** utilizing **IDOCs, RFCs, BAPIs, ALE, and OData services** to enable seamless data exchange between SAP modules and external systems, reducing integration errors by **15%**.
- * Created and scheduled **background jobs** to support functional module processes, ensuring **timely execution of business-critical tasks**. Monitored and resolved issues related to **IDOCs, dump analysis, system performance, and workflow errors**.
- * Developed **custom reports, ALV reports, Smart Forms, and SAP Scripts**, ensuring **optimized performance** and aligning with **business reporting requirements**, enhancing decision-making capabilities.
- * Contributed to **SAP S/4HANA implementation** by assisting in **CDS views development, code pushdown techniques (SQL)**, and testing **ABAP compatibility**, optimizing system performance.
- * Supported the transition to **SAP S/4HANA** by evaluating the impact on **existing ABAP custom developments**, troubleshooting technical issues, and collaborating with functional teams to **ensure smooth adoption and integration**.
- * Worked with **SAP Fiori and UX design**, including **extending standard Fiori applications, Web Dynpro, and SAP UI5**, contributing to an improved user experience in **SAP S/4HANA** environments.

ACADEMIC PROJECTS

E-commerce Sales Data Warehouse

Sept. 2024

SQL, Data modeling, cloud platforms (AWS, GCP, Azure)

Cincinnati

- * Designed and implemented an end-to-end data warehouse for an e-commerce platform to store and analyze customer behavior, product sales, and transaction data.
- * Built an automated ETL pipeline using Python and SQL to extract, clean, and load large datasets into the warehouse, ensuring data integrity and consistency.
- * Deployed the data warehouse on AWS Redshift/Azure Synapse Analytics, leveraging cloud services for scalability and cost optimization.
- * Enhanced query performance by implementing data compression, indexing, and table partitioning, resulting in a **50 percent improvement** in data retrieval speed.
