## Professional Summary:

- Over 20 years of experienced software developer, with over 15 years of expertise in .Net Application Developer and Full-Stack Developer.
- NET technologies: C#, VB.NET, ASP.NET, React, Api Web, REST APIs, Blazor and database (SQL Server, Oracle, Access).
- Quick learner with the ability and adapt with new technology.
- Ability to work under pressure.
- Good interpersonal relations, Organize, logic, team spirit

## Education background:

- **Bachelor's degree in computer science**  
University of Quebec in Montreal, Canada

## Technical Skills:

- **Programming Languages:** C#, VB.NET, ASP.NET, JavaScript, React, HTML, SCSS, SQL, Java, Xamarin.
- **Technologies:** .NET Core, WinForms, REST APIs, Web APIs, Blazor, Razor, WCF, ADO.NET, Web Services, Agile/Scrum
- **Databases:** SQL Server, Oracle, MySQL, SQLite, Access
- **Tools:** Visual Studio 2008 to 2022, Azure DevOps, TFS, Git, Docker, DevExpress, SCiChart, ChartFX

## Professional Experience:

### 1/ Sogetel Inc.:

January 2024 – December 2024

#### **Full Stack Developer: C#, .Net core, React, Web Api, Bootstrap, CSS, Azure-DevOps.**

- Developer Front-End: React, CSS, React strap, Bootstrap, JavaScript, Component, Class.
- Developer Back-End : C#, .Net 6, .Net core.
- Microservice: Web Api, Webpack (Module).
- Unit test Back-End (xUnit).
- Unit Test Front-End (React test library)
- Review code
- Utilized Agile, Scrum methodologies, Azure DevOps, CI/CD

### 2/ R2 Research 2000 Inc.:

March 2023 – January 2024

# Dotnet Developer

Quang Truong  
Cell: (972) 903-3191

---

## Programmer Analyst: .NET C#, Scichart graphic.

- Developer applications in the server side with .NET Core, C# and API SDK OPC UA standards.
- Client-side: Developer applications for monitoring chart graphics using SciChart, Time Serial Data, enabling real-time alarm notifications and troubleshooting.

### 3/ GlobVision:

*October 2021 – March 2023*

#### Programmer Analyst: VB.net, C#, GIS Azure DevOps.

- Transformed Visual basic applications to .NET application, using ChartFX and Time Serial Data for display the signal come from sensor.
- Develop a new application with .NET to calculate number vehicles pass on the bridges.

### 4/ Levio Inc.:

*March 2021 – October 2021*

#### Full Stack developer: .Net core, C#, Web Api, React, Blazor, Azure DevOps.

- Front-End: Designed and Developed Web applications in Blazor, Razor.
- Developer Back-End : C#, .Net 6, .Net core.
- Microservice: Web Api.
- Unit test Back-End (xUnit).
- Database SQL Server.

### 5/ Atvent Solutions

*July 2016 – March 2021*

#### Senior Programmer Analyst: C#, ASP.NET, GIS, Azure DevOps, Database Oracle.

- Developed GIS applications for telecommunications, integrating mapping and tracking tools to help in infrastructure maintenance and asset management.
- The application is tracking the Amplifiers, Powers Supplies, Cables and Satellite.
- Develop Android mobile applications using Xamarin, supporting GIS data collection and real-time mapping functionality.
- Database Oracle, SQLite, and Access.
- Server side: Utilized Web Service.

---

## 6/ PreNiceSoft:

June 2008 – July 2016

### Senior Programmer Analyst: C#, VB.Net, ASP.net, Web service.

Senior analyst programmer (C#, VB.net, WinForms. ASP.Net, VB6, ASP.net, SQL server)

-Rewrite code from Visual basic 6 to VB.net and C#

-Designer, analyst and develop projects with C#, VB.net, SQL server database and Access.

#### 1-Time management and employee access control (C#, SQL server)

- Time shift controls the employee in-out company.
- Electronic cart, Finger printer reading, Springcard reader.

#### 2-License control by Web service (C#, SQL Server)

- Control the expired application license and security.

#### 3-Golf course management (C#, VB.Net, WinForms, Web service and SQL Server)

- Reservation, Transaction, Invoicing, Inventory, etc.

#### 4-POS (Point of sale) (VB.net, SQL server)

- Retail Sale, Transaction, Invoicing, Inventory etc.

#### 5-Catering (VB.NET, SQL server)

- Create Orders, Transaction, Invoicing, Inventory etc.

#### 6-Internet reservation (ASP.Net, SQL server)

- Booking reservation golf courses through the Internet.

#### 7-Spa (VB.NET, SQL server)

- Create Orders, Transaction, Invoicing, Inventory etc.

#### 8-Integrate debit or credit payment methods by Visa, Master card etc.

- Global payment: the VeriFone Credit machine, Chase Payment, Moneris Payment.

#### 9-Restaurant (VB.Net and SQL server database)

- Booking, Reservation, Orders, Transaction, Invoicing, Inventory etc.

## 7/ Platinum System:

2004-2008

### Programmer Analyst (VB.net, C#):

- Developer application health care chiropractic.

## 8/ Prosys-Tec:

2000-2004

### Programmer Analyst (VB6, SQL server)

### Certifications:

- iOS Intermediate & Advanced Application Development (Swift, Xcode)
- Android Intermediate & Advanced Application Development
- Reporting Services Certificate (SSIS, SSRS)
- JavaScript Programming Certificate
