Summary

Highly skilled and results-oriented Drupal and PHP Developer with 10+ years of experience in designing, implementing, testing, and maintaining robust web applications. Adept at collaborating with cross-functional teams to drive project success. Proven ability to deliver high-quality code on time and within budget. Seeking to contribute technical expertise and leadership skills to a dynamic development team.

- Application Developer lead versed in interpreting technical requirements and specifications to provide quality deliverables.
- Proactive communicator with collaborative nature and proven history of resourceful problem-solving.
- Expert in design, development and testing.
- Versatile software development professional successfully producing robust systems to meet diverse customer needs.
- Manages projects and teams to accomplish challenging timelines.
- Explores technical capabilities and push boundaries to exceed expectations.

Experience

➤ Application Development Team Lead

Accenture, USA

May 2022 – Aug 2023

- ✓ Spearheading the design, development, and delivery of robust web applications.
- ✓ Optimizing and customizing Drupal platforms to enhance user experience and streamline business operations.
- ✓ Streamlined code reviews to reduce defect rates by 15%, maintaining industry standards and maintaining coding standards to ensure the delivery of quality solutions.
- ✓ Managed offshore teams of 10+ members, ensuring effective communication, productivity, and adherence to project timelines.
- ✓ Addressing challenges promptly, using innovative problem-solving skills to meet project demands.

➤ Application Development Team Lead

Accenture, Gurugram, India | Client: Vodacom

Dec 2021 - April 2022 (5 months)

- ✓ Expert in Acquia Site Studio for designing modular and efficient web components.
- ✓ Directed the development and maintenance of complex Drupal-based websites for clients across diverse industries.
- ✓ Collaborate with project managers, UX/UI designers, and backend developers to deliver seamless, user-friendly web solutions.
- ✓ Conduct code reviews and implement best practices to ensure code quality and

maintainability. Customize and extend Drupal modules to meet specific project requirements.

- ✓ Integrated REST/SOAP APIs, managed Apache servers, and leverage CI/CD pipelines to streamline development workflows.
- ✓ Provide technical guidance to junior developers and actively contribute to knowledge sharing within the team.
- ✓ Conducted robust unit testing to verify deliverables match design requirements.
- ✓ Designed, developed and tested applications in alignment with company coding and quality standards. Documented project-related expertise to build knowledge base for implementations.
- ✓ Gained experience with Google Analytics, New Relic, and Azure DevOps to optimize performance and ensure efficient project tracking.

> Senior Web Developer

Accenture, Gurugram, India | Client: Bespoke and COTS AM (Centrica), Contact Tracing App, Vodacom

Dec 2019 - Dec 2021 (2 years 1 month)

- ✓ Developed custom Drupal 8 modules to enhance website functionality and improve user experience.
- ✓ Integrated third-party APIs to enable seamless data exchange between the Drupal platform and external systems.
- ✓ Conducted performance optimization and troubleshooting to improve website speed and responsiveness.
- ✓ Facilitated collaboration with cross-functional teams to gather and analyze project requirements, ensuring alignment with business goals.
- ✓ Participated in the planning and execution of website migrations from Drupal 8 to Drupal 9.

> Web Developer

Accenture, Gurugram, India | Client: SADAH SIH, Bespoke and COTS AM (Centrica)

Jun 2017 - Dec 2019 (2 years 7 months)

- ✓ Developed and maintained web applications PHP framework Laravel.
- ✓ Implemented security measures and best code practices, given the nature of the banking projects.
- ✓ Designed and set up the framework for PHP unit testing, ensuring robust and reliable code.
- ✓ Provided ongoing maintenance and support for existing web applications, addressing issues and implementing updates as needed.

Web Developer

Dot Technologies, Panchkula, India

Jun 2015 - Feb 2017 (1 year 9 months)

- ✓ Developed dynamic, responsive websites and web applications using PHP, WordPress, and Magento.
- ✓ Collaborated with clients to gather and understand their requirements, translating them into technical specifications and actionable development plans.
- ✓ Integrated various third-party APIs to enhance website functionality and user experience.

- ✓ Conducted thorough testing, debugging, and troubleshooting to ensure the performance and security of web applications.
- ✓ Implemented front-end and back-end solutions, ensuring seamless integration and user-friendly interfaces.
- ✓ Worked closely with designers to create visually appealing and highly functional websites.
- ✓ Provided ongoing maintenance and support for existing web applications, addressing issues and implementing updates as needed.
- ✓ Utilized version control systems like Git to manage and track changes in codebases.
- ✓ Documented development processes, technical specifications, and best practices to maintain a knowledge base for future projects.

Education

Bachelor of Technology (BTech)

RIMT University | Electrical, Electronics, and Communications Engineering

Licenses & Certifications

- ❖ Building PHP Applications with Generative AI
- ❖ Introduction to Prompt Engineering for Generative AI (2023)
- ❖ What Is Generative AI?
- ❖ Microsoft Certified: Azure Fundamentals
- ❖ WORKDAY FOR ACCENTURE ALL-STAR

Skills

- ✓ **CMS Platforms:** Drupal 9, Drupal 8, Acquia CMS, Acquia Site Studio
- ✓ **Programming & Frameworks:** PHP, Laravel, LAMP Stack
- ✓ **Version Control & Tools:** GitHub, Composer, Drush
- ✓ **Project Management:** Agile, Scrum Master, Jira, Confluence
- ✓ **Performance Optimization:** Apache, MySQL

Additional Achievements

- Contributed extensively to Accenture portal forums for Drupal module development and custom solutions.
- Developed scalable components using Acquia Site Studio, exceeding client expectations on modularity and ease of updates.
- Accenture Training in Adobe AEM, Analytics
