PROFESSIONAL SUMMARY

Experienced WebMethods Developer with 10+ years of expertise in WebMethods, Volante Integration, and Private Cloud Solutions. Skilled in designing, developing, and leading end-to-end integrations. Proven ability to optimize enterprise workflows, enhance system interoperability, and drive seamless data exchange.

- Skilled in **webMethods** Product suite implementing both EAI and B2B projects involving Analysis, Design, Development, Testing, Technical and Functional Design Documentation, Peer review, Production Deployment and Support.
- Expertise in wM tools such as webMethods Developer, Designer, Integration Server, MWS (My webMethods server), Broker, JDBC Adapter, SAP Adapter, TN (Trading Network), Centrasite, Mediator.
- Successfully designed and implemented EDI integrations for global clients like **APPLE**, utilizing standards such as IDOC, EDIFACT, and ANSI X12, while managing partner profiles and trading partner setups.
- Demonstrated proficiency in developing and optimizing data flows with diverse formats, including IDOC, EDI, ISO 20022 Credits, Debits, XML, Flat Files, JSON and many other custom file formats for different partners of **J P Morgan Chase & Co.**
- Implemented SOAP and REST webservices catering to the needs of **Macquarie Bank**, a prominent entity in the Australian investment banking sector. Delivered these solutions while actively engaged at the client's site in Sydney, Australia, ensuring seamless integration and functionality.
- Good knowledge on Crossvista for deployments and SOAP UI, IBM RIT (Rational Integration Tester) for Testing.
- Experience using **Volante** Integration tool for service development and enhancements.
- Proficient in JPMC **private cloud** operations, including service creation, application deployment, cloud node migration, and vulnerability management, with participation in disaster recovery initiatives.
- Strong advocate of **Agile** methodologies, actively participating in Scrum ceremonies to drive efficient and iterative development cycles

SKILLS

- webMethods Designer, Integration Server, MWS, TN, SAP & Jdbc Adapters, Broker, SOAP and REST webservices
- Volante Integration tool
- Gaia (JPMC Private cloud)
- Crossvista, MySQL, IBM RIT (Rational Integration Tester), SOAP UI.
- Devops tools: Git, Bitbucket, Jira, JUnit, Confluence
- AWS Certified Developer Associate and Solutions Architect Associate

PROFESSIONAL EXPERIENCE

JP Morgan Chase & Co – BIR, IND

Associate (level 602), 11/2017 - 03/2022
