

SUMMARY

- Accomplished Software Engineer with 8+ years of experience in designing, developing, testing, and integrating enterprise applications using Java, J2EE, and Spring Boot.
 - Expertise in microservices architecture, ensuring security, scalability, and high performance.
 - Proficient in messaging systems (Kafka, RabbitMQ, Redis) and container orchestration (Docker, Kubernetes).
 - Hands-on experience in AWS services (EC2, S3, Lambda) and Azure DevOps for CI/CD pipeline setup.
 - Strong advocate of Agile methodologies, TDD, BDD, and best coding practices.
 - Experience in QA automation testing for Selenium and unit testing using JUnit & Mockito.
-

TECHNICAL SKILLS**Languages:** Java, Python**Frameworks:** Spring Boot, Spring, Hibernate**Databases:** Microsoft SQL Server, Oracle.**Cloud Services:** AWS (EC2, S3, Lambda), Azure DevOps**DevOps & Tools:** Docker, Git, Jenkins, Maven, Gradle, Swagger, Confluence**Messaging Systems:** Kafka, RabbitMQ, Redis (pub/sub)**Automation Testing:** Selenium, JUnit, Mockito, Pytest, API Testing, TestNG, Cucumber

PROFESSIONAL EXPERIENCE**Software Developer – Han IT Inc***Jan 2025 – Present*

- Design and develop microservices-based applications using Spring Boot and Java.
- Implement event driven architecture using Kafka integration.
- Develop REST APIs and document APIs specifications using swagger.
- Collaborate with cross-functional teams to build scalable and secure applications.
- Conduct unit testing using JUnit & Mockito to maintain high-quality code.
- Perform QA automation testing for UI and Backend application components.

Software Developer – GenZ Software Solutions Pvt Ltd*Oct 2023 – Dec 2024*

- Designed and implemented microservices-based backend architecture for an airline ancillary recommendation system, improving scalability and maintainability.
- Develop microservices-based applications using Spring Boot and Java.
- Integrated Redis caching and Kafka messaging to enhance system performance.
- Developed and executed unit tests using JUnit & Mockito to ensure robust functionality.
- Automated test cases using Selenium for UI validation and API testing.

Software Developer – Armstrong Machine Builders Pvt Ltd*Sep 2022 – Sep 2023*

- Developed RESTful APIs with Spring Boot, improving response times by 35%.
- Integrated RabbitMQ for event-driven messaging, optimizing communication between microservices.
- Achieved 85% test coverage using JUnit & Mockito for unit testing.
- Reduced downtime by 25% by integrating automated triggers in Azure DevOps CI/CD pipelines.
- Performed QA automation testing with Selenium to validate application workflows.

Software Engineer – SitusAMC India Pvt Ltd*Nov 2020 – Mar 2022*

- Modernized monolithic applications into Spring Boot microservices, cutting maintenance efforts by 50%.
- Developed hybrid automation frameworks integrating Selenium with Java, increasing test coverage by 50%.
- Managed AWS cloud environments (EC2, S3, Lambda), integrating CI/CD pipelines.
- Conducted comprehensive unit testing using JUnit & Mockito to ensure software reliability.
- Executed API testing using Postman and automated regression testing with Selenium.

Software Engineer – Mphasis Ltd

Oct 2018 – Mar 2020

- Built secure APIs for a mortgage underwriting platform, reducing manual processing by 30%.
- Maintained 95% sprint velocity while working in an Agile Scrum environment.
- Developed REST APIs with Spring Boot and integrated Postman for API testing.
- Reduced defect resolution time by 15% through an improved defect triage process.
- Conducted Selenium-based UI automation testing for frontend validation.

Software Engineer – Suma Soft Pvt Ltd

Apr 2015 – Sep 2018

- Built a modular Pytest-based automation framework, increasing test coverage by 40%.
- Developed and tested core trading systems, ensuring seamless order processing.
- Documented test scenarios and defect logs using Jira, aiding transition to automated testing.
- Performed functional and regression testing using Selenium, ensuring stability of new features.

EDUCATION**Bachelor of Engineering (B.E.)**

Dr. Babasaheb Ambedkar Marathwada University, Maharashtra, India
