LinkedIn <https://www.linkedin.com/in/sreethip>

Data Analyst with 6.5 years of expertise in data processing, visualization and automation and 1.5 years of experience in testing. Proficient in Alteryx, Power BI, SQL, and Tableau with expertise in transforming complex datasets into actionable insights ensuring data integrity. I have a proven ability to leverage data-driven insights to enhance processes, automate workflows, and improve operational efficiency. Strong background in data consulting, solution development, and stakeholder collaboration.

Technical Skills

Data Analytics & Visualization: Power BI, Tableau

Data Preparation & Automation: Alteryx

Databases & Querying: SQL

Other Tools: Excel, Monarch, ACL

Work History

2023-01 – 2024-11

Senior Data Analyst

EY US, San Jose, USA

- Analyzed large-scale datasets to identify trends, anomalies, and potential risks, driving proactive audit recommendations that reduced financial risk exposure
- Utilized **Alteryx** to transform and automate financial data workflows, streamlining audit procedures and improving the efficiency of audit teams by reducing manual data handling by 40%
- Conducted data analysis and developed reports in **Power BI** and **Tableau**, improving stakeholder insights
- Designed and optimized **SQL queries** to extract, clean, and transform data from multiple sources to support reporting and data visualization tasks.
- Spearheaded the transformation of audit processes by implementing advanced data analytics techniques, which enhanced fraud detection and audit sampling efficiency, improving overall audit outcomes
- Processed and analyzed data from various ERP systems, including SAP, Oracle, NetSuite, and Workday, to support reporting and decision-making tasks
- Collaborated with cross-functional teams to ensure data accuracy and integrity across departments, improving data reliability and reducing reporting errors.

2021-09 - 2022-03

Technology Consultant

EY India, Bangalore, India

- Designed, developed, and implemented Alteryx solutions for a major banking client, addressing complex data challenges and streamlining data workflows, which improved data processing efficiency by 30%.
- Delivered high-quality automated Alteryx solutions tailored to clients' dynamic business requirements, enabling faster decision-making and enhancing operational efficiency for financial reporting.
- Conducted peer reviews of Alteryx workflows to ensure solutions met both quality standards and client requirements, reducing errors and improving the overall performance of automated solutions.
- Coordinated with the client team throughout the entire project lifecycle, from gathering requirements to final delivery, ensuring smooth communication and a faster delivery cycle, reducing project turnaround time by 20%.
- Performed feasibility analysis of test cases, evaluating potential risks and complexities, and recommending optimized Alteryx-based approaches that increased the accuracy and effectiveness of the solutions.

2017-08 - 2021-09

Senior Data Analyst

EY GDS, Kochi, India

- Led digital transformation and process automation for financial audit procedures for US and EU clients, streamlining workflows and improving audit accuracy through tools like Alteryx and ACL.
- Delivered actionable analytic insights to audit teams by transforming and processing complex financial data, meeting tight deadlines and exceeding client expectations using Alteryx, MS Excel, and SQL
- Saved 75% of processing time by developing automated Alteryx workflows, significantly reducing manual effort, improving process quality, and driving overall efficiency in audit procedures and programs in the team, thereby reducing the manual effort and improving quality
- Reviewed tasks and trained junior analysts in data integration, visualization, and the use of audit analytics tools, enhancing team capability and ensuring consistent audit data quality

2015-08 - 2016-12

Software Tester

IBM India Pvt Ltd, Bangalore, India

- Performed Manual Testing (Functional Testing, Regression Testing)

Education

2011-09 - 2015-05

Bachelor of Engineering Technology: Applied Electronics And Instrumentation

College of Engineering Trivandrum - Kerala, India

Professional Achievements

- Alteryx Designer Advanced Certification
- Alteryx Designer Core Certification
- EY Analytics- Data Visualization – Bronze
- EY Analytics- Data Integration - Bronze
