EDUCATION

University of Texas at Dallas, Jindal School of Management, Dallas, TX

May 2024

- *Master of Science, Information Technology and Management (MIS)*
- *Graduate Certification in Business Intelligence and Data Mining*
- *Graduate Certification in Applied Machine Learning*
(Lars Magnus Ericsson Fellowship in Management)

(GPA: 3.7)

Mumbai University, Pillai College of Engineering, Navi Mumbai, India

Jul 2021

- *Bachelor of Engineering, Computer Science*

(GPA: 3.4)

PROFESSIONAL EXPERIENCE

Hexaware Technologies, Navi Mumbai

May 2023– Present

Full Stack Developer (Application Developer)

- Engineered a suite of GRC management applications with enhanced UI/UX using **Python & React**, achieving a **15% reduction in user errors** and substantial cost savings on external software.
- Revamped system efficiency by analyzing performance metrics, resulting in a **10% reduction in support tickets** and a **20% increase in data retrieval efficiency** through optimized **SQL Server** stored procedures.
- Deployed 2 major analytical solutions on Azure and streamlined CI/CD pipelines using **Azure DevOps** and **Git Actions**, enhancing deployment speed and reliability.
- Analyzed user feedback and executed strategic changes to the application interface, resulting in a **15% increase in task completion rates**, which was highlighted as a key achievement in quarterly leadership presentations.
- Enhanced system reliability by identifying and **resolving over 2500 bugs**.

IBM, Bengaluru

Feb 2022– Aug 2022

Systems Engineer (Python Developer)

- Led the development of network porting applications using **Python, Django** and **MongoDB NoSQL database**, guiding a team of three developers and achieving top-tier performance recognition.
- Advanced deployment processes by optimizing CI/CD pipelines with **Jenkins**, boosting application **deployment efficiency by 15%** and **reducing system downtime by 20%**.
- **Expanded integration test coverage by 10%** using **Docker & Kubernetes**, reinforcing application stability
- Leveraged **Splunk** and **JIRA** to enhance incident management and project tracking, resulting in a **25% reduction in incident resolution time** by monitoring real-time logs and optimizing workflows for efficient bug tracking.
- Formulated and delivered detailed progress reports to stakeholders, integrating technical information that highlighted project timelines, improving **project buy-in by 35%**.

RESEARCH

Image Captioning Chat-bot (<https://www.irjet.net/archives/V8/i5/IRJET-V8I5253.pdf>)

Sep 2020 – Apr 2021

- Published a research paper on a CNN and RNN-based chatbot utilizing Nvidia CUDA, which achieved a **50% increase in query accuracy** and a **30% reduction in model training time**.

SKILLS

Languages: Python, Java, R, JavaScript, SQL, C#, HTML5 / CSS3, PL/SQL, TypeScript, jQuery, PHP

Technologies: AWS, Azure, GCP, Jenkins, Docker, LINQ, Gitlab, Spring boot, GitHub, SOAP, .NET MVC, Microservices

Tools: Visual Studio, Splunk, JIRA, Jenkins, MySQL, Pandas, SQL Server, NumPy, Saga, Jupyter Notebook

Other: Agile, Strong communication, analytical thinking, problem-solving, teamwork, and leadership, WCF

LEADERSHIP & CERTIFICATIONS

- **Generative AI Club at UTD** (Founder and Vice President)
- **Microsoft DevOps Engineer AZ-400 Certification**
