Professional Experience

Sitemetric *Photo ID and Badge Technician*

Manassas, VA Aug 2024 – Aug 2025

- Captured, designed, and issued secure ID badges for 1,000+ construction site workers, ensuring compliance with site access policies.
- Managed worker data (name, trade, employer) in the ID system, maintaining accuracy and confidentiality of sensitive personal information.
- Standardized badge replacement workflow, reducing downtime for lost/damaged cards by 25%.
- Ensured secure inventory control of badge stock, ribbons, and lanyards to prevent misuse.

Wholeteam Enterprise LLC *Help Desk Technician*

Remote Jan 2023 – Dec 2024

- Provided technical support to 400+ employees, addressing access, login, and MFA-related issues.
- Processed tickets through ServiceNow, resolving 85% of issues on first contact.
- Assisted with onboarding new hires by provisioning Active Directory accounts and setting up secure access.

3 Lil Birds *Delivery Driver*

Manassas, VA Sep 2023 – Aug 2024

- Delivered 150+ packages daily across high-volume routes, achieving a 98% on-time delivery rate.
- Utilized handheld devices for customer information and proof-of-delivery, ensuring accuracy in tracking systems.
- Maintained vehicle safety standards, reducing reported incidents by 15%.

NNB LLC *Special Event Security Officer*

Washington, DC Nov 2021 – Jun 2023

- Monitored and controlled guest access to restricted areas during high-profile events, safeguarding staff and visitors.
- Responded rapidly to security incidents, mitigating risks and maintaining professional composure under pressure.
- Conducted patrols on foot, bicycle, and vehicle to deter unauthorized access.
- Delivered exceptional customer service while enforcing safety protocols, strengthening guest trust and compliance.

Burlington *Loss Prevention Officer*

Woodbridge, VA Sep 2020 – Oct 2021

- Oversaw entry and exit control to minimize shrinkage, while providing a secure environment for customers and staff.
- Conducted regular CCTV surveillance, identifying potential theft and policy violations.
- Partnered with store management during investigations, strengthening internal security processes.

Projects

Wholeteam Enterprise LLC *Azure AD Access Review*

Remote 2024

- Configured Azure AD tenant and managed test accounts with role-based access controls (RBAC).
- Conducted simulated quarterly access reviews for 50+ accounts to enforce least privilege.
- Applied MFA and conditional access rules, reducing unauthorized login attempts by 40% in the lab environment.

Self-Led *Help Desk Ticketing Workflow Optimization*

Remote 2023

- Created a ServiceNow ticketing simulation handling 250+ mock user requests for password resets and access issues.
- Developed PowerShell automation to expedite account unlocks, decreasing average ticket resolution time by 30%.
- Monitored SLA performance in the test environment, maintaining a 95% closure rate within defined timeframes.

Education

Ventura College *Associate in Arts (A.A.) in Social and Behavioral Sciences*

Ventura, CA May 2025
