WORK EXPERIENCE

Best Western Hotels

Jan 2024 – Sept. 2025

IT Technician

Phoenix, AZ

- Resolved everyday technical issues for 4000+ hotels internationally regarding: Point-of-Sale systems, LAN/WAN connectivity, Voice/Data/Fax transmissions; Utilizing TCP/IP and VSAT technologies
- Maintained high performance of critical hotel systems including Enterprise Two-Way Credit Card systems, Global Distribution Systems, and Electronic Distribution Systems
- Diagnosed and resolved corporate operational issues including network connectivity, system errors, OKTA MFA, and application malfunctions. Escalated complex problems to appropriate personnel or departments
- Documented troubleshooting processes and maintained accurate records for efficient shift handoffs using Cherwell Service Management, completing 40 or more tickets everyday

GNC

July 2023 – Jan 2024

Service Desk Analyst

Phoenix, AZ

- Provided first level contact, documentation, and incident management for all 17,000+ GNC store associates nationwide, translating technical information to/from non-technical users
- Complete 25 or more service calls daily, including troubleshooting store hardware and software, dispatching service providers, and maintenance shipping of hot spares
- Documented troubleshooting processes and maintained accurate records using Cherwell Service Management

Southwest Network

June 2020 – July 2023

Technical Analyst

Phoenix, AZ

- Successfully migrated all 400+ users from on-prem Cisco CUCM and Microsoft AD to HIPPA compliant cloud native Cisco Webex, Microsoft Teams, and Azure AD
- Completed comprehensive IT audits of 500+ devices across all 8 clinics, tracking every asset through the entire IT Asset Lifecycle, helping to reduce expenditures by over 10%
- Administration and troubleshooting of enterprise healthcare IT stack, including Windows/Linux/VMware servers, Office 365, MacOS, Active Directory, Group Policy, Cisco Jabber, VOIP, Microsoft Intune and Knox MDM
- Supported 400+ end users in person and remote, using NinjaRMM ticketing and tools such as SplashTop, ConnectWise, ZenDesk, ZohoOne, and Jira, resolving 20+ tickets everyday in a healthcare setting
- Imaged laptops and smartphones, created lesson plans, and led new employee orientation/onboarding classes for 5-10 new employees biweekly, instructing users on technical guidelines and equipment policies
