

CHULUUN YURA

Backend Java Developer

Austin, TX | yurachuluun@gmail.com | (641) 451-3823 | www.linkedin.com/in/chuluunyura

PROFESSIONAL SUMMARY

Backend Java Developer with 9 years of experience in software development and quality engineering, with a recent focus on backend development using Spring Boot, Hibernate, and RESTful APIs. Proven track record in implementing scalable backend solutions, collaborating with cross-functional teams, and ensuring high-quality software delivery. Transitioned from QA to development, bringing a strong foundation in software testing and debugging. Seeking a Software developer role where I can contribute my skills and continue growing in a dynamic, team-oriented environment.

TECHNICAL SKILLS

Languages: Java

Frameworks & Tools: Spring, Spring Boot, Hibernate, RESTful API

Databases: Oracle, MS SQL, MySQL

Version Control & Collaboration: Git, GitHub, GitLab, Gerrit, Slack, Zoom, Microsoft Teams

Testing & QA: JIRA, Toad, Custom In-house Tools

Development Tools & Methodologies: IntelliJ, Visual Studio Code, Crystal Report, Agile Scrum.

PROFESSIONAL EXPERIENCE

Software Developer

GrapeCity Mongolia – Ulaanbaatar, Mongolia

June 2021 – August 2022

- Developed backend components for a Loan Origination System (LOS) using Spring Boot and Hibernate.
- Designed and implemented RESTful APIs to integrate with frontend systems and external services.
- Collaborated with frontend developers, backend engineers, and QA team members to ensure smooth feature delivery.
- Performed unit testing and debugging to ensure code quality and maintainability.
- Identified and resolved bugs, improving system performance and stability.

Technologies: Java, Spring Boot, Hibernate, Oracle, Git, GitLab, IntelliJ, Jira, Agile Scrum, Slack

Senior Software Quality Engineer

GrapeCity Mongolia – Ulaanbaatar, Mongolia

December 2011 – June 2021

- Created comprehensive test plans and test cases to validate software functionality and performance.
- Collaborated with developers to resolve bugs and enhance software quality.
- Wrote user guides and facilitated training sessions for clients post-deployment.
- Handled system update requests and modifications based on client feedback.
- Provided support during user acceptance testing and post-launch stages.

Technologies: JIRA, Custom In-house Tools, Oracle, MS SQL, Toad, Git, GitLab.

EDUCATION

B.S. in Information Technology

Mongolian University of Science and Technology /2006 – 2010/
