Summary

<https://www.linkedin.com/in/daniel-nguyen-541530226/>

A junior level Workday Integrations Specialist. Experienced with customizing EIBs and Core Connectors to handle new data selections and errors. Planning to gain a Workday Studio certification soon.

Looking for a support role to develop my integrations skills further.

Expected Compensation: 50,000 annual or thereabouts

EXPERIENCE

DXC Technology, *Workday Integrations Consultant*

June 2023 - Mar 2025

Training for Workday HCM, Integrations, and Custom Integrations. Worked with clients for AMS on Jira Service Desk and Dovetail for tickets. Also worked on specific configurations for new integrations for clients.

EDUCATION

University of New Orleans — BS

Aug 2021 - May 2024

GPA 3.96

SKILLS

- Integration Essential Concepts
- Custom Integrations (EIB, CC)
- HCM Essentials
- AMS with Dovetail and Jira Service Desk

Project

- Developed an EIB for transferring Workday employee records to a new system for a client.
 - Design of Custom Report, ISSG, ISU, and XSLT transformation
 - Discovered what information was needed (calculated fields) and what security was required for that information.
 - Check if delivery details were successful, whether or not the records were received
 - Regular communication with client and other members of our team
