WORK EXPERIENCE

Infinite Computer Solutions

Helpdesk Support | Richmond, VA | August 2024 – Present

- Provide first-line support to end-users for hardware, software, and network issues via phone, email, and chat, ensuring prompt and effective resolution of technical problems.
- Diagnose and troubleshoot IT incidents and service requests, documenting all interactions and resolutions in the ticketing system (iServe/ ServiceNow) to document exact records.
- Collaborate with IT teams to escalate complex issues and track the progress of unresolved tickets, ensuring efficient handoff and resolution.
- Conduct regular follow-ups with users to ensure satisfactory resolution of issues and gather feedback for service improvement.
- Maintain knowledge base articles and user documentation to provide self-service resources and enhance the efficiency of support processes.
- Monitor system performance and user support trends to identify potential areas for improvement in IT services and support delivery.
- Assist in the onboarding of new employees by providing training on IT systems and resources, ensuring a smooth transition to the organization's technology environment.

Hitachi Ventura

Helpdesk Support | Richmond, VA | July 2022 – March 2024

- Tasked with sorting through a list (using Excel) of 250 users to update/ install security patches

- Required to remote into user's device using Desktop Central & Bomgar
- Required to open, update, & close tickets through ASD (Azure Service Desk)
- Contacted users to schedule, reschedule, and escalate their updating process through Microsoft Teams. • Had weekly meeting to attend with team members to strategize how to update as efficiently as possible
- Completed over 50 users over a 5-day working period.
- Provide application support through remote access tools to resolve internal end user issues
- Monitor and respond quickly and effectively to calls or chats received
- Interact with end users via phone or chat modules to resolve primarily software issues but at times get questions about hardware
- Utilize Azure Service Desk as the ticketing tool to track and escalate tickets for end users
- Perform other tasks as needed by the Service Desk Managers
- Serviced Macs, along with other various apple products; Specifically updating them
- Tasked with updating apps such as Zoom, Office 365, & Teams

Frontier Communications

Customer Service Representative | Bluefield, WV | November 2021 – July 2022

- Held a precise understanding of how to operate windows systems
- Received approximately 70 calls a day as a retention Agent
- Memorized procedures and company systems
- Followed strict call scripts while meeting a required metric

Transcom: APPLE SUPPORT

Tier II Mac Technical Support | Woodbridge, VA | September 2020 – August 2021

- Received approximately 200 calls a week to provide T1 help desk support for users and handled frustrated customers with professional communication.
- Took over complex tickets beyond T1 support scope of support. Ran diagnostics, gathered information, documented issues, and escalated issues beyond scope to the engineering team.
- Committed to customers via email and followed up until ticket resolved.
- Achieved a high average customer satisfaction and ticket resolution rate.
- Assist customers with Apple ID account setup, password, iCloud backup, and security issues.
- Troubleshoot and resolved over 30 iOS and macOS software and hardware tickets daily.
- Resolved issues such as the WiFi connectivity, locked devices, slow device performance, device upgrade and configuration, application performance, defective hardware, and many other issues.
- Documented call interaction and resolved tickets in the Apple Core ticketing system.
- Used diagnostic tools and troubleshooting to determine if a device needs repair. Setup repairs and replacements
