

DEVAL PATEL AWS-CSA®, Azure-SA®, ITIL®

pdeval2508@gmail.com | +1 639-999-9714 | Houston, USA

PROFESSIONAL SUMMARY

Goal-driven Cloud and Systems Engineer with over 6 years of experience in IT infrastructure, cloud computing, and system administration. Expertise in AWS, Azure, VMware, IT Service Management, infrastructure automation, and cybersecurity. Adept at designing scalable and resilient cloud architectures while ensuring operational excellence. Seeking a challenging role to apply technical expertise and drive IT innovation.

TECHNICAL SKILLS AND EXPERTISE

- **Cloud Platforms:** AWS (EC2, S3, Lambda, VPC, IAM), Azure (VMs, AD, Storage, Security)
- **Infrastructure as Code:** Terraform, CloudFormation, Ansible, PowerShell
- **Networking & Security:** IAM, VPN, Direct Connect, Firewalls, WAF, Azure AD
- **Automation & Scripting:** Python, PowerShell, Bash
- **Monitoring & Optimization:** AWS CloudWatch, Azure Monitor, Cost Management
- **DevOps & CI/CD:** Docker, Kubernetes, Jenkins, GitHub Actions
- **Enterprise Storage & Backup:** DellEMC, HP SAN, NetApp, Veeam
- **IT Service Management:** ITIL Processes, Incident & Problem Management, Change Management

PROFESSIONAL EXPERIENCE

Senior Systems Engineer

April 2021 - Present

Christie Digital, Allen, TX

- Provided engineering support and administration of enterprise storage and server infrastructures.
- Administered storage (SAN, NAS) including performance tuning and capacity planning.
- Managed and maintained Active Directory, Group Policy, and Azure AD integrations.
- Developed automation scripts for infrastructure management using PowerShell and Python.
- Provided ITSM-based first-line support for end users, resolving incidents and service requests.
- Designed and deployed hybrid cloud solutions integrating AWS and on-premises data centers.
- Implemented security best practices, reducing vulnerabilities through IAM hardening and compliance audits.

Cloud Engineer

Superna, Ontario, Canada

Jun 2020 - April 2021

- Managed AWS and Azure environments, optimizing security and scalability.
- Automated infrastructure deployment using Terraform and Ansible.
- Configured AWS networking components (VPCs, Direct Connect, Route53).
- Reduced cloud costs through right-sizing and reserved instance strategies.
- Assisted in diagnosing technical issues related to Windows OS, MS Office, and network connectivity.
- Provided Tier 1 and 2 technical support, troubleshooting complex IT issues.
- Developed cost-optimization strategies, reducing cloud expenditure by 15%.

System Analyst

TD, Ontario, Canada

Jan 2019 - Jun 2020

- Provided IT support, resolving hardware, software, and connectivity issues.
- Assisted in the migration of workloads to AWS and Azure cloud platforms.
- Installed and configured desktop/laptop systems, managing software updates.
- Supported Active Directory migration and multi-factor authentication rollout projects.
- Monitored and tracked IT support tickets, ensuring timely resolution.

PROFESSIONAL LICENCE AND CERTIFICATION

- AWS Solutions Architect Associate
- AWS Cloud Practitioner
- Microsoft Azure Infrastructure Solutions (AZ-305)
- Microsoft Azure Administrator (AZ-104)
- Microsoft Azure Fundamentals (AZ-900)
- Fortinet Network Security (NSE 1 & NSE 2)
- A+ Certification
- Microsoft Certified Professional (MCP) (Windows 10)
- ITIL Foundation Certification (Pending)

EDUCATION

- **Fanshawe College, London, ON**
Advanced Diploma in Computer Systems Technician Apr 2020
Courses: CCNA, MCSA, Cloud Security, Linux, VMware Virtualization, Windows System Administration
- **Sal College of Engineering, Ahmedabad, India**
Bachelor of Engineering in Information Technology Jun 2017

ADDITIONAL INFORMATION

- **Board Member** – Actively involved in organizing meetups, workshops, and networking events for cloud professionals.
- **Hackathon Participant**- Competed in AWS and Azure hackathons, solving real-world cloud infrastructure
- **Volunteer Mentor** – IT Training Programs Mentored aspiring IT professionals in cloud computing and cybersecurity, providing hands-on training and career guidance.
- **Open-Source Contributor** – GitHub Projects Contributed to open-source cloud and DevOps projects, optimizing infrastructure code and improving documentation.
- **Teaching Assistant** – IT & Cloud Computing Courses Assisted in university or online courses related to cloud computing, DevOps, or IT security.
- **Cloud Certification Bootcamp Instructor** - Conducted workshops preparing professionals for AWS, Azure, and cybersecurity certifications.
- **Security Clearance:** PSPC
