PROFESSIONAL SUMMARY

Detail-oriented Deal Management & Sales Operations professional with expertise in contract negotiation, pricing strategy, CPQ (Configure, Price, Quote), and cross-functional collaboration. Proven track record of supporting complex deals, ensuring compliance, and driving sales efficiency in high-growth environments. Adept at streamlining quote-to-cash (Q2C) processes, liaising between sales and internal teams, and leveraging technology to optimize business operation.

PROFESSIONAL EXPERIENCE

Oracle – Customer Deal Desk Analyst (Remote)

July 2024 – March 2025

- Responsible for supporting the North American Applications and Tech Cloud sales teams across the entire Quote-to-Cash process, including Enablement, Pricing, Quoting, Approvals, Ordering, Booking, and Provisioning. Bringing end-to-end expertise to drive seamless sales execution and operational efficiency.
- Serve as a key liaison between the sales team and cross-functional support teams, ensuring seamless collaboration and alignment to drive business success.
- Collaborated in a focused team project to identify and address CPQ challenges across multiple teams, leveraging business requirements to propose optimal solutions, enhancements, and process improvements.
- Assisted in closure of deals totaling over \$40,000,000.

Oracle – Global Support Business Analyst (Remote)

September 2023 – July 2024

- Accelerate the sales process of critical deals through my advanced knowledge of configuration on CPQ and assistance resulting in millions of dollars in revenue for Oracle
- Act as a knowledge expert for end to end processes and systems (CPQ, SPM, etc)- troubleshooting, researching, and developing solutions for Oracle's most complex queries via a ticket-based system (Oracle Service Cloud)
- Facilitated cross-functional collaboration between sales, consulting, finance, and operations teams to streamline deal execution.

Verable – Business Development & Operations Associate (Austin, TX)

December 2022 – April 2023

- Increased business retention rates from 51% to 80% by spearheaded client retention efforts, increasing business and optimizing platform engagement.
- Developed strategic onboarding, retention, and expansion plans for new and existing clients.
- Conducted site visits and executive consultations to identify pain points and recommend operational improvements.

Techtronic Industries – Field Sales & Marketing Representative (Victoria, TX)
