Summary

Dynamic and detail-oriented IT professional with a strong track record of providing fast, effective solutions in high-pressure environments. As a trusted member of the Service Delivery Center, I am frequently tasked with CAB management and high-priority tickets, ensuring rapid resolution and seamless operations. I take pride in mentoring new employees, guiding them through processes and procedures to enhance team efficiency.

Committed to continuous learning, I have earned seven industry-relevant certifications over the past two years, demonstrating my adaptability and drive for professional growth. My skill set includes exceptional customer service, strong verbal and written communication, keen attention to detail, time and team management, and the ability to quickly learn and apply new technologies. I thrive in fast-paced environments and am dedicated to delivering top-tier support and solutions.

EXPERIENCE

IT Support Specialist, Ark Data Centers (Cedar Rapids, IA)

December 2022 - Present

Diagnosing, researching, and resolving complex hardware, software, application, and performance issues. I provide prompt and professional technical support, ensuring efficient and courteous resolution of client inquiries. In addition to troubleshooting, I play a key role in monitoring critical infrastructure and security systems, proactively identifying potential risks to maintain operational stability and security.

Property Manager, Backcountry Group LLC (Self-employed)

April 2023 - Present

Manage daily operations of residential properties, ensuring tenant satisfaction and property maintenance. I oversee leasing, rent collection, and budget management while coordinating repairs and vendor services. Enforce lease agreements, handle tenant communications, and ensure compliance with local property regulations. Focus on maximizing occupancy rates and property value through efficient management and strategic planning.

Warehouse Manager, Pinecrest Fabrics (Portland, OR)

November 2018 - October 2021

Oversaw operations, optimized logistics, and managed inventory in a fast-paced warehouse environment. Leading a small team, I ensured strict adherence to safety protocols and operational procedures while maintaining accuracy and efficiency. Responsible for coordinating high-volume shipping and receiving, managing a diverse range of SKUs with precision. Leveraged broker partnerships, custom spreadsheets, and warehouse management software to track inventory and strategically reduce shipping costs—all while maintaining a quick turnaround and seamless supply chain operations.

Beverage Manager, Twisted Pine Brewing Co. (Boulder, CO)

April 2015 - November 2018

Consistently exceeded sales goals by effectively managing my section, optimizing time management, and delivering exceptional customer service. Skilled in multitasking, problem-solving, and creating a welcoming atmosphere that drives repeat business and customer satisfaction.

Logistics Coordinator, Sea to Summit (Broomfield, CO)*May 2011 - June 2015*

I monitored the quality, quantity, cost and efficiency of the movement and storage of products through management consoles and applications. In addition to coordinating and controlling the order cycle and associated information systems, I was responsible for allocating and managing staff resources according to changing needs. Project management was essential for successful completion of these tasks in a fast-paced environment.
