DevOps & Tools: CI/CD Pipelines, TFS, SonarQube, RabbitMQ, Camunda, Plastic SCM, SVN
Databases: MS SQL Server, MongoDB, MySQL, Oracle
Frameworks/Libraries: Entity Framework, Telerik, Syncfusion, Highcharts
Other Skills: Agile/Scrum, Multithreading, Automated Testing, Systems Analysis

PROFESSIONAL EXPERIENCE

Senior Software Developer

European Court of Auditors | Luxembourg | *Jun 2018 – May 2023*

- Implemented **DevOps practices** using TFS and SonarQube, improving deployment efficiency and code quality.
 - Optimized performance of legacy web applications, achieving **30% faster response times** through code refactoring and redesign.
 - Analyzed and developed new applications using **Blazor, MVC, and .NET Core**, improving team workflows and modernizing systems.
 - Integrated technologies such as **RabbitMQ, Entity Framework Core, Camunda, and TypeScript**, ensuring robust and scalable solutions.
-

Software Analyst and Developer

Omegacode | Warsaw, Poland | Jun 2011 – Jan 2018

- Designed and developed connectors (DLLs) for integrations with systems such as **Active Directory, SharePoint, and Microsoft Dynamics AX**.
 - Created web applications for financial trading data visualization using **ASP.NET, Highcharts, and MongoDB**.
 - Built a desktop app using **Thomson Reuters Eikon API** for real-time financial data analysis, boosting client productivity by **20%**.
 - Enhanced company website for mobile responsiveness, increasing accessibility for end-users.
-

Software Analyst and Developer

Webtel | Warsaw, Poland | Feb 2010 – May 2011

- Developed **CRM systems** and financial advisory tools using **C#, DevExpress, and MySQL**, enhancing data management capabilities.
 - Created pharmaceutical solutions using **Java (Eclipse IDE)**, improving workflow processes for end-users.
-

Software Developer

Stepstone | London, UK | Jan 2008 – Jan 2010

- Enhanced existing client applications using **ASP.NET, AJAX, and MS SQL Server**.
 - Collaborated with major clients including **Bank of Scotland, Virgin Atlantic, and BMW**, delivering optimized solutions tailored to their needs.
-

Analyst, Designer, Web Developer

Arteria | Warsaw, Poland | Apr 2003 – Nov 2007

- Designed and developed a **CTI system** for a 300-user call center, enabling seamless call handling.
 - Built an **SMS server and web portal** using **ASP.NET, MS SQL, and AJAX**.
 - Integrated CTI with Predictive Dialer Systems, improving call efficiency and reducing downtime.
-

Analyst, Designer, Developer

Sans Souci IT Consulting | Vienna, Austria | Mar 2000 – May 2002

- Developed **Visual Basic applications** for client management and travel planning, utilizing **MS SQL Server** for data synchronization.
 - Created a small **e-commerce web shop** for product ordering using **VB ASP**.
-

Oracle Developer and Designer

Comarch | Krakow, Poland | Apr 1998 – Feb 2000

- Created **Entity Relation Diagrams (ERD)** and **Data Flow Diagrams (DFD)** while maintaining logical database structures in CASE.
 - Generated and managed server-side SQL **DDL scripts**, wrote queries, database packages, and triggers.
 - Designed and operated forms using CASE tools, ensuring seamless database design and functionality.
-

EDUCATION

Master of Science and Engineering in Automatics and Robotics

AGH University of Science and Technology | Krakow, Poland | 2003

- Specialization: **Computer Science in Control and Management**
-

CERTIFICATIONS

- **MCP – Microsoft Certified Professional**
-

ADDITIONAL INFORMATION

- Strong experience working across diverse european and global teams.
- Adept at learning and implementing new technologies to solve business challenges.
- Pluralsight as a source of knowledge and learning
