Dallas, US-TX, US

Results-driven Business Analyst, Scrum Master, Data Analyst with a strong background in Agile methodologies, business process improvement, and data-driven decision-making. Proven track record of leading cross-functional teams, optimizing workflows, and delivering actionable insights to enhance operational efficiency.

Work Experience

Business Analyst

Jun 2023 - Feb 2025

Bayforce | Buffalo

- Developed and deployed interactive Tableau dashboards integrating KPIs, trend analysis, and predictive insights
- Designed and maintained SQL database objects (tables, views, stored procedures) to enhance reporting accuracy
- Conducted ETL processes to integrate and clean data from multiple sources for analytics and dashboarding
- Created detailed business and technical requirement documents for effective communication.
- Optimized database queries and reports, improving dashboard performance.

Business Analyst

Nov 2022 - Apr 2023

Starbucks Apex Systems | Seattle

- Collected, analyzed, and translated business requirements into Tableau dashboards
- Automated data refresh schedules, ensuring real-time visibility into site usage and performance metrics
- Identified inefficiencies in workflows and recommended process improvements
- Led system testing and validation to ensure high-quality reporting solutions.

Senior Scrum Master

Dec 2021 - Oct 2022

Kontoor Brands Apex Systems | Greensboro

- - Facilitated Scrum ceremonies (Sprint Planning, Standups, Retrospectives) to enhance Agile adoption
- - Collaborated with Product Owners to refine and prioritize the product backlog
- - Tracked team velocity, sprint burndown, and release metrics to drive continuous improvement
- - Ensured compliance with industry standards and retail regulations.

Agile Scrum Master

Nov 2019 - Nov 2021

General Electric Apex systems | Boston

- - Coached teams and trained over 50 stakeholders on Agile methodologies
- - Led cross-functional teams through backlog refinement and sprint planning
- - Managed dependencies between teams and aligned product roadmaps with business objectives
- - Enhanced visibility into project progress through burndown charts and velocity tracking.

Scrum Master, Business Analyst

Oct 2017 - Nov 2019

Michael Kors | East Rutherford

- - Led Agile teams in e-commerce and retail projects, ensuring timely deliveries
- - Created and maintained sprint reports, providing transparency into team progress
- - Documented business processes through requirement gathering and stakeholder interviews.
- - Assisted in risk assessment and mitigation planning for transformation initiatives.

- - Collected and analyzed business requirements for data migration and system integration projects
- - Developed process flow diagrams (BPMN, UML) to map current and future business states
- - Managed JIRA user stories and Epics to meet stakeholder expectations.
- - Conducted data validation and quality assurance, ensuring seamless migration and system performance.
