PROFESSIONAL SUMMARY

Seasoned Cloud Network Engineer with over 8 years of progressive experience in designing, implementing, and managing hybrid and multi-cloud network architectures. Demonstrated expertise in large-scale migrations, network modernization, and secure deployments using GCP, AWS, Azure, and OCI. Skilled in implementing robust security architectures with Palo Alto, Cisco, and F5. Adept at automating network deployments using Terraform, Ansible, and Python, and collaborating with DevOps and Security teams for high-impact delivery. Known for technical documentation, mentoring junior engineers, and driving network innovation in enterprise environments.

TECHNICAL SKILLS

- Cloud Platforms: GCP, AWS (EC2, VPC, S3, IAM, Route 53), Azure AD, OCI, DNS, Load Balancer, VPN Gateways
- Networking: Dynamic Routing (BGP, OSPF, EIGRP), SD-WAN (Viptela), VLAN, VPN, MPLS, GRE/IPSec, Wireless LAN, Wi-Fi 6
- Security & Firewalls: Palo Alto Prisma/Strata, Cisco ASA/Firepower, Fortinet, F5 BigIP, SSL VPN, SAML, AAA, ZTNA
- Automation & Scripting: Python, Bash, PowerShell, Terraform, Ansible, CI/CD for Infra-as-Code
- Monitoring & Diagnostics: SolarWinds, Splunk, Wireshark, Cisco Prime, SNMP, NetFlow, NetScout
- Wireless Technologies: Cisco WLC, Aruba Central, Meraki, ClearPass, Ekahau Site Survey
- Others: F5 LTM/GTM/APM, Citrix NetScaler, Cisco IOS/NX-OS/XR, Junos OS, Red Hat Linux, Windows Server

CERTIFICATIONS

- Cisco Certified Network Associate (**CCNA**)

PROFESSIONAL EXPERIENCE

SENIOR CLOUD NETWORK ENGINEER

Atlas Air • Jan 2025 – Present

- Architected and deployed enterprise-grade hybrid network solutions across GCP, AWS, and Azure, enabling seamless workload migrations and enhanced cloud connectivity.
- Led implementation of Palo Alto Prisma Access and Cisco SD-WAN for secure multi-site and remote access connectivity, integrating with Azure AD and SAML2.0.
- Configured and optimized F5 LTM, GTM, and APM for high availability and global traffic management across business-critical applications.
- Migrated traditional VPNs and proxies (IronPort, Bluecoat) to Zscaler, streamlining access policies and improving security posture.
- Deployed GRE/IPSec tunnels to Zscaler Cloud for secure, scalable Internet access from distributed sites.
- Automated multi-cloud infrastructure provisioning and policy enforcement using Terraform, GitLab CI/CD, and Ansible Playbooks.
- Redesigned data center LAN/WAN architectures using Cisco ACI and Arista spine-leaf topology, with BGP/OSPF and VXLAN overlays.
- Integrated NAC with ClearPass and 802.1X authentication to enforce endpoint compliance policies.

NETWORK ENGINEER

VoIP Office Telecommunications Pvt Ltd • Feb 2018 – Apr 2023

- Managed enterprise routing infrastructure with BGP, OSPF, and EIGRP on Cisco and Juniper platforms, optimizing traffic and ensuring high availability.
- Supported MPLS circuit provisioning and SD-WAN deployments using Viptela for branch locations.
- Maintained perimeter security using Cisco ASA, Firepower, and Checkpoint firewalls, with ACLs, NAT, and VPN tunnel configuration.
- Oversaw L2 switching, VLAN provisioning, STP optimization, and inter-VLAN routing using Catalyst 6500, 4500, and Nexus 7K series.
- Configured and troubleshooted Meraki MX and MR devices including auto-VPNs, security policies, and wireless performance.
- Collaborated with cross-functional teams for network readiness during data center migrations and infrastructure upgrades.

NETWORK SUPPORT ENGINEER

Trigeo Technologies • May 2016 – Jan 2018

- Delivered L2/L3 support for Cisco Voice and IP networks, supporting over 500 endpoints and enterprise voice applications.
- Configured and managed Cisco Call Manager and Unity for unified communications infrastructure.
- Configured ASA 5500 series firewalls for IPsec remote-access VPNs with RSA token authentication.
- Handled L2 loop prevention using STP/RSTP and interface policies on Catalyst 3750, 3850, and 4507 series.
- Assisted in data center moves and cabling with proper racking, patching, and documentation processes.

EDUCATION

Webster University • St. Louis, MO

Master of Science in Information Technology Management, 2024
