PROFESSIONAL SUMMARY

Business Analyst with 7+ years of experience delivering Business Intelligence, Artificial Intelligence, and analytics-driven solutions that transform strategy and operations. Skilled in connecting technical insights with business outcomes through automation, visualization, and KPI governance. Recognized for leadership across data, strategy, and innovation to drive measurable impact.

SKILLS

- **Data, Platforms & Modeling:** Advanced SQL (window functions, CTEs, performance tuning), dimensional modeling (star/snowflake), semantic layer (dbt metrics), data quality rules, BigQuery, Azure Synapse, Azure Data Factory (ADF), ETL/ELT automation, Git, Azure Lakehouse
- **BI, Excel & Visualization:** Power BI (DAX, OLAP, drill-downs), Tableau, Dashboard Optimization, Excel (Pivot Tables, XLOOKUP/VLOOKUP, Power Query, Power Pivot, Macros/VBA), Storytelling, Google Sheets (AppScript, data transformation & extraction)
- **Analytics, Metrics & Delivery:** Python (Pandas, NumPy, scikit-learn, Matplotlib, Seaborn), R, Forecasting, Segmentation/Clustering, A/B testing, SHAP explainability, KPI design & governance, Stakeholder communication, BRD/FRD, Agile (SCRUM), Data contracts, Documentation & enablement
- **Domains & Strategy:** Geographical Information System, Robotics, Artificial Intelligence, Machine Learning, Reporting, Cross Functional Leadership, Project Management, Innovation Strategy, Stakeholder Alignment

PROFESSIONAL EXPERIENCE

Changing the Present

Business Analyst

Nov 2025 - Present

Florida, New York, USA

- Utilized advanced functions in Google Sheets to extract and clean raw business dataset records, improving data accuracy and reliability for analytical use
- Automated data generation pipeline using LLM prompts and Google Apps Script, enabling scalable data collection and synthesis
- Structured and compiled insights across 500 categories and 40 subcategories, ensuring analytical consistency and traceability

Coltie Inc

Marketing Strategy & Business Intelligence Manager

Aug 2025 - Oct 2025

Ames, Iowa, USA

- Defined operational KPIs, build Power BI suites for reach, redemption, and partner growth that standardize executive decision rhythms
- Built and executed partner and student engagement strategies across Coltie Launchpad and Coltie Local
- Designed and monitored social media campaigns, delivering insights that refined product strategy and increased platform reach

Pappajohn Center for Entrepreneurship

Business Consultant

Jan 2025 - May 2025

Ames, Iowa, USA

- Analyzed economic development metrics for Poweshiek County and presented findings to CEOs and stakeholders, resulting in effectively tailored growth initiatives for the county
- Developed OLAP models and Power BI dashboards with SQL segmentation, which increased new business acquisition by 15% and supported detailed planning for Advanced Machine Technologies
- Automated monthly Excel models with Power Query and VBA (Visual Basic for Applications), enhancing auditability and reducing analyst effort by over 6 hours per cycle

Translational AI Centre

Technology Strategy Consultant

Aug 2024 - Dec 2024

Ames, Iowa, USA

- Led Fastrac business development efforts, aligning research outputs with commercialization strategy, resulting in increased stakeholder engagement for adoption
- Independently designed and developed a fully functional drone system, integrating AI-driven traffic monitoring to reduce manual analysis workload by 70% and enhance urban mobility planning

College of Agriculture and Life Sciences

Data Analyst

Jan 2024 - Jul 2024

Ames, Iowa, USA

- Trained Random Forest and XGBoost models on 5 hybrids covering 1,151 sections crop combinations, achieving an 81% F1 score, and developed Power BI visuals that enhanced agronomic decision-making
- Ran ANOVA to compare yields across crops and treatments, identified the best corn and grass combination, and created a user-friendly dashboard using Excel that streamlined decision-making processes

Flotanomers R&D Private Limited

Data Analyst & Strategy

Jul 2018 - Dec 2023

Mangalore, Karnataka, India

- Instituted company-wide KPI review cadence that supported 6x growth and improved margins from 8% to 30%
- Designed SHAP-powered flight-risk dashboards in Power BI, optimizing UAV route planning and reducing idle time
- Led GIS reporting over 12,000+ sq km with spatial joins and automated QC, enabling large-scale field execution
- Coordinated big-data analytics across millions of rows spanning 10 teams and 2+ years, which contributed to faster decision-making and reduced re-work

Bohrinvento LLP

Business Analyst

Jul 2017 - Jun 2018

Mangalore, Karnataka, India

- Delivered 10+ cloud-native solutions using SQL and Power BI, enhancing data accessibility and decision-making processes for education and logistics clients
- Directed Agile (JIRA) delivery, improved release velocity by 35%, implemented stakeholder-driven dashboards
- Built modular ETL pipelines across multiple client systems, improving reporting accuracy, reliability, and downstream decisions

EDUCATION

Iowa State University <i>Masters</i> • GPA: 3.47 • Coursework: Business Analytics	Jan 2024 - May 2025 <i>Ames, Iowa, USA</i>
Visvesvaraya Technological University, India <i>Bachelors</i> • Coursework: Civil Engineering	Aug 2013 - Jun 2017 <i>Mangalore, Karnataka, India</i>

PROJECTS & CERTIFICATIONS

- Shield Wise**
- Designed an AI-powered emergency response platform with predictive analytics, reducing response time for elder safety
- Req-Logic-Code**
- MVP that converts business requirements into validated logic and Python/DAX scripts for automated analytics delivery
- Conversational Intelligence Layer**
- Real-time SDK that analyzes tone, clarity, and empathy in chat messages to improve communication quality before sending

CERTIFICATION

- Google Business Intelligence
- Google Advanced Data Analytics
- Google Data Analytics
- IBM RAG and Agentic AI
