

Monil Gosar

UI/UX Designer

New York, NY | [LinkedIn](#) | [Portfolio](#) | +1 551 229 8310 | monil060298@gmail.com

- **5+ years of experience** delivering **research-driven, usability-focused** design solutions across **B2B, B2C, and D2C** verticals in **Fintech, SaaS, eCommerce, and Resource Management**.
- Executed **40+ mobile and web applications**, leading **UX research, interaction design, and data-driven iteration** to optimize product adoption and usability.
- Expert in design-to-development collaboration, reducing **handoff friction, ensuring pixel-perfect implementation, and improving engineering efficiency**.
- Adept at **A/B testing, behavioral analytics, accessibility compliance, and heuristic evaluations**, creating highly functional, user-centered experiences.

WORK EXPERIENCE

Listen to me talk briefly about my experiences: [Click here](#)

Genie AI, New York

Senior Product Designer

June 2024 - Present

- Redesigned core workflows for **25+ AI-native SaaS platforms**, reducing user friction by 40% and improving task completion rates by **32%**.
- Ran **20+ usability studies** across AI-driven platforms, identifying usability bottlenecks and increasing conversion rates by 25%.
- Refined **developer handoff process**, cutting front-end integration time by **50%**, ensuring consistent design implementation across web and mobile.
- Created adaptive UI components that improved **accessibility** (WCAG compliance), leading to a 20% increase in usability scores.

Pilgrim (Heavenly Secrets Pvt. Ltd), Mumbai, India

UX/UI Designer

Feb 2023 - May 2024

- Restructured checkout flow based on UX research findings, increasing conversion rates by **18%** and reducing cart abandonment.
- Designed mobile-first UI enhancements, leading to a **30%** improvement in user engagement metrics.
- Conducted multivariate A/B testing, iterating on UI elements that resulted in a **32% increase in Net Promoter Score (NPS)**.

THEM Consulting, Mumbai, India

Sr. Experience Design Professional & Strategy Design Consultant

May 2022 - Feb 2023

- Led UX research and audits for **Fintech & SaaS platforms**, uncovering usability flaws that, once fixed, increased **Monthly Active Users by 24%**.
- Defined **UX interactions** based on heatmap analysis and user behavior mapping, improving feature adoption rates by **30%**.
- Developed and optimized reusable UI components, **reducing design debt and accelerating dev cycles by 35%**.
- Created detailed user flow documentation, **eliminating ambiguity in stakeholder discussions** and improving sprint efficiency.

THEM Consulting, Mumbai, India

Experience Design Professional

Apr 2021 - May 2022

- Spearheaded UX revamp for a **1M+ user FinTech platform**, contributing to its **\$75M acquisition by PhonePe India**.
- Enhanced Agile sprint efficiency, improving **on-time delivery rates by 15%**, streamlining workflows between **design, engineering, and product teams**.
- Led design mentorship programs, upskilling **18+ junior designers**, resulting in a **40% increase in successful design approvals**.

EDUCATION

New York Institute of Technology

MA in UX/UI Design and Development

Mumbai University

Bachelor of Automobile Engineering

SKILLS & INTERESTS

Designing Software: Adobe XD, Figma, Sketch, Invision, Lottie, Anime, Framer, Balsamiq, Dreamweaver, Photoshop, Jira, Miro, Usertesting.com, Wireframes, Storyboard, Illustrator, Mural, Blender, Unity.

User Research: Comprehension Tests, Desirability tests, Formative, Surveys, Card Sorting, Usability testing, Focus Groups, Qualtrics, A/B Testing.

Design Skills: Wireframing, Interactive Prototyping, Interface Design, Visual Design, Flow Diagrams, Data Visualization, Education Storyboarding, Brainstorming, 3D rendering

Other Tools: Jasmine, Karma, HTML, CSS, JavaScript Version Control Tools: Git, GitHub, GitLab

AI Tools: Ideogram, Meshy3D, Stable Diffusion, Comfy UI, Flowframes, Topaz AI,
