 - **Process Improvement:** Agile, Jira, SDLC, SOP Development, Root Cause Analysis, Revenue Cycle Optimization
 - **Regulatory & Quality:** HIPAA, CMS, FDA GCP, 21 CFR Part 11, Compliance Audits, Risk Mitigation
-

Professional Experience

Senior Business Performance Analyst

Texas Health Resources | Plano, TX | Oct 2023 – May 2024

- Designed and implemented a **real-time ticket triage system** using **Jira and Confluence**, reducing workflow bottlenecks and improving service transparency.
- Developed **real-time Tableau dashboards** connected to SQL databases, providing leadership with actionable insights on KPIs, SLA adherence, and case volumes.
- Standardized onboarding processes by authoring **comprehensive SOPs** and integrating modules into the LMS, improving knowledge transfer across business units.
- Led **UAT programs** for EHR upgrades, writing test cases and managing defect workflows in Jira, enhancing stakeholder buy-in and reducing post-deployment incidents.
- Built a **change management calendar** using Jira to streamline software release cycles, reducing downtime and improving governance.

Business Reimbursement Analyst

SMS Clinical Research | Mesquite, TX | Oct 2020 – Sep 2022

- Automated claims lifecycle workflows using **eligibility verification systems and claim scrubbing tools**, decreasing billing cycle durations and improving accuracy.
- Developed **Power BI dashboards** with DAX expressions for claims and payer metrics, supporting finance teams with real-time strategic planning.

- Established **SLA trackers and vendor dashboards** to improve third-party accountability and streamline compliance tracking.
- Built financial forecast models in **Excel**, integrating payer-specific variables to enable proactive planning and resource allocation.

Clinical Data Analyst

Precision Comprehensive Clinical Research Solutions | Coppell, TX | Mar 2019 – May 2020

- Created **interactive Tableau dashboards** integrating data from CTMS, EMR, and budget systems, improving study transparency and decision-making.
 - Automated **regulatory reporting workflows** using MySQL and Excel VBA, reducing compliance risks and manual data entry efforts.
 - Designed **predictive financial models** in SQL and Excel to track accruals, increasing billing accuracy and strengthening sponsor trust.
 - Established **data governance policies**, standardizing reporting and improving data quality across clinical systems.
-

Education

- **Health Informatics & Health IT Certificate** – McCombs School of Business, University of Texas, Austin (Jun 2022)
 - **Bachelor of Science in Public Health** – University of Texas, Arlington (Dean's List: 2017 – 2020)
-

Certifications

- HIPAA Certified
 - CPR/BLS Certified
-
