EXPERIENCE

Lead Solution Engineer, Team Lead 01/2021 - 01/2024
Salesforce New York City Metropolitan Area

Core solution engineer for mid to large-sized businesses in EMEA and Northeast Metro area of the USA, providing expertise across industries such as telecom, media, high tech, and professional services. My role involved providing concrete and tailored solutions that drive customer success and operational efficiency using the Salesforce portfolio of products.

- Led multi-layered solution design for Onecom telecom company involving multiple aspects of the business, from sales to marketing to customer success/service utilizing various enterprise software vendors to achieve the organizations top business goals. Created single customer view in a highly diversified telco environment.
- Promoted to Team Lead within one year, I supported the new hires on my team, mentoring and guiding them to success as a Solution Engineer while also taking on managerial responsibilities for the wider team.

Lead Solution Engineer 02/2020 - 01/2021
Salesforce New York City Metropolitan Area

Solution Engineer 11/2016 - 02/2020
Salesforce London, United Kingdom

Learning Consultant 08/2014 - 11/2016
Salesforce London, United Kingdom

Learning Consultant for clients in both the northeast region of the USA and all of EMEA. Responsible for managing all training related projects in these two regions, I focused on enabling enterprise customers on their custom Marketing Cloud environments and leading partner implementation workshops in both the USA and Europe.

- Took on the task of managing sales process of training in EMEA. Developed a structured sales process during a period of flux.
- Developed instrumental custom training program for Deutsche Bank for both onsite and online training across all of their marketing teams in the USA. This was a year - long project which led to their eventual adoption of the platform in EMEA as well.
- Set up custom training programs for various "red accounts" which helped ensure their renewals and provided an uptick in customer satisfaction and increased adoption rate post training.

Client Specialist - Investment Management 01/2011 - 12/2014
Thomson Reuters New York City Metropolitan Area

- Client Specialist for the Northeast client base of Investment Managers. Responsible for building strong customer relationships for a diversified portfolio by guiding research analysts, portfolio managers, economists and academics on how to optimize their user experience with Thomson Reuters Eikon, Datastream, Thomson One and all financial Excel add-ins.

Grants and Contracts Manager 01/2010 - 12/2011
El Puente de Williamsburg, Inc. Greater New York City Area

Piano Instructor 2000 - 2010
Floral Park Music and Dance Center Floral Park, NY

Project Coordinator 01/2005 - 12/2008
Bloomberg LP New York City Metropolitan Area
