

Prutha Mangukiya

Warehouse Associate

(416)-732-7844 | pruthamangukiya9@gmail.com | Vaughan, Canada

ABOUT ME:

Dedicated and detail-oriented Warehouse Associate with over 3 years of experience in distribution center operations, including inventory management, order filling, item profiling, and quality assurance. Skilled in processing damaged products, handling product recalls, and maintaining Warehouse Management Systems (WMS). Proven ability to perform quality audits, research inventory discrepancies, and ensure timely and accurate order fulfillment. Strong problem-solving abilities, adherence to safety protocols, and commitment to improving operational efficiency.

EDUCATION:

Bachelor of Engineering (BE) in Computer Engineering - Apollo Institute of Engineering and Technology

Gujarat Technological University (GTU), 2017–2021, with a CGPA of 8.99.

Higher Secondary Certificate (H.S.C) - Chanakya Higher Secondary School

Gujarat Higher Secondary Education Board (GHSEB), 2017 - First Class(76%).

PROFESSIONAL EXPERIENCE

Warehouse Associate

Arvind Limited | Ahmedabad, India

April 2023 – Dec 2024

- Performed quality audits to ensure inventory and order-filling accuracy, reducing discrepancies by 20%.
- Processed damaged products promptly following standard procedures, improving product handling efficiency.
- Operated power equipment (forklifts, pallet jacks) safely and in compliance with safety standards.
- Handled product recalls and coordinated item replenishment to maintain stock accuracy.
- Investigated and justified large inventory adjustments for supervisor approval, enhancing inventory accuracy.
- Collaborated with operations supervisors to review item-profiling requests, improving inventory management processes.

Warehouse Assistant

Adani Wilmar Limited | Ahmedabad, India

Aug 2021 – Feb 2023

- Assisted in receiving, stocking, and inventory control to maintain warehouse efficiency and order accuracy.
- Participated in cycle counts and physical inventories, achieving 98% inventory accuracy.
- Prepared documentation for inbound and outbound shipments, ensuring compliance with quality assurance protocols.
- Operated warehouse machinery to load/unload shipments while adhering to safety guidelines.
- Maintained cleanliness and organization of warehouse spaces, ensuring compliance with safety regulations.
- Supported slot maintenance activities and coordinated with supervisors to improve product flow and storage.
- Processed damaged goods, tracked frozen slots, and managed item maintenance in the WMS.
