Iselin, New Jersey

PROFESSIONAL SUMMARY

Full Stack Java Developer with 4+ years of experience building scalable applications using Spring Boot, Java, Angular, and React. Proven expertise in designing microservices architectures and integrating cloud solutions (AWS, Azure, GCP) to optimize performance. Adept at collaborating with cross-functional teams in Agile environments and automating workflows through CI/CD pipelines and containerization (Docker, Kubernetes). Strong focus on clean code, secure APIs, and delivering user-friendly interfaces. Committed to solving complex technical challenges while aligning with business goals.

PROFESSIONAL EXPERIENCE:

Full Stack Java Developer | Altria Group, Richmond, VA

Jan 2024- Present

- Built scalable microservices architectures with Spring Boot and Hibernate, enabling seamless communication between services via Eureka.
- Led database modernization efforts, transitioning legacy Oracle 11g systems to PostgreSQL for a 20% boost in query performance.
- Translated backend logic into intuitive UIs using Angular 14, TypeScript, and Bootstrap, enhancing user interaction and responsiveness.
- Strengthened API security by integrating OAuth2 and Spring Security, reducing unauthorized access incidents by 35%.
- Accelerated deployment cycles by automating CI/CD pipelines with AWS CodePipeline and Docker, cutting release times by 30%.
- Managed Kubernetes clusters on AWS EKS, implementing auto-scaling to handle 50k+ concurrent users during peak traffic.

Full Stack Java Developer | Homesite Insurance, Boston, MA

Jan 2023- Dec 2023

- Delivered microservices solutions using Spring Boot and Hibernate, aligning with Agile sprints to meet 100% of project deadlines.
- Connected React/Angular frontends with REST APIs, reducing API response latency by 40% through efficient data caching.
- Modernized deployment strategies with Docker and Kubernetes, introducing canary releases to minimize downtime during updates.
- Drove cloud adoption by migrating applications to AWS EC2 and automating CI/CD with Azure DevOps, reducing manual errors by 25%.
- Enhanced team productivity by documenting REST APIs in Swagger UI, slashing onboarding time for new hires by 50%.

Junior Java Developer | HDFC, INDIA

Aug 2020 – Jul 2022

- Contributed to end-to-end development of Spring Boot microservices, applying MVC patterns to streamline backend workflows.
- Revamped legacy UIs by integrating ReactJS and Angular with REST APIs, achieving a 25% faster page load for 50k+ daily users.
- Enabled real-time data processing through Kafka pipelines, ensuring 99.9% uptime for critical financial transactions.
- Scaled NoSQL databases (MongoDB, Cassandra) to handle 10k+ daily requests, improving data retrieval speeds by 15%.
- Boosted deployment efficiency by containerizing applications with Docker and automating AWS EC2/S3 workflows.

TECHNICAL SKILLS:

Languages	C, C++, Java, Python, SQL, PL/SQL, XML.
Java/J2EE Technologies	Servlets, JSP, JSTL, JDBC, JSF, JavaBeans, MVC, RMI, ANT, MAVEN, Log4j, XML, JAXP, DOM, JNDI, JUNIT, Web services, Multithreading, JTA, Custom Tags, .Net.
Web Technologies	HTML, DHTML, JavaScript, CSS, XHTML, AJAX, DOJO, Web Services. Angular JS, Angular 2+, NodeJS, jQuery, Typescript, React, Postman.
Frameworks	Spring, Hibernate, Micro Services, JPA, Spring ORM, Spring MVC, Spring AOP, Spring Boot.
Cloud Platforms & Services	AWS: EC2, IAM, S3, Elastic Beanstalk, CloudFront, Redshift, Lambda, Kinesis, DynamoDB GCP: Compute Engine, Cloud Storage, Pub/Sub, BigQuery, Cloud Functions, Cloud SQL Azure: Virtual Machines, Blob Storage, Azure Functions, SQL Database, Cosmos DB
UML Tools	Visual Paradigm, Rational Rose, MS Visio.
IDE's	Eclipse, NetBeans, IntelliJ, WebStorm, VS Code.
Web Service Technologies	SOAP, REST (JAX-RS, JAX-WS)
Version Control Tools	GIT, Visual Source Safe, CVS, Tortoise SVN
Methodologies	Agile-Scrum, JIRA, Waterfall, V-Model.
Database Environments	Oracle, SQL Server, MySQL, MongoDB, PostgreSQL.
Operating Systems	Windows, Linux, UNIX, MacOS.

EDUCATION:

- Master of Science-Computer science [2022 - 2024]** **CGPA - 3.9/4.0**
Clark University, Worcester, MA
- Bachelor of Technology-Computer Science and Engineering [2018 - 2022]** **CGPA - 7.3/10**
Sreyas Institute of engineering and technology, Hyderabad, India

CERTIFICATIONS:

- AWS Certified Solution Architect- Associate - Amazon Web Services (AWS)
- Walmart Global Tech Advanced Software Engineering Job Simulation
