Rochester Hills, MI Phone: (614) 395-2396 ryanbodo@gmail.com

CAMS Certified Financial Crimes QC Analyst with over 20 years of experience in the banking industry, specializing in AML/BSA compliance and risk mitigation. Extensive experience conducting investigations and quality assurance reviews, ensuring adherence to regulatory requirements and enhancing operational efficiencies. Expert in due diligence, risk analysis, and quality control.

Employment History

Sterling Bank & Trust, a division of EverBank, N.A.

Southfield, MI **08/2018-Present**

Financial Crimes QC Analyst/Quality Assurance Analyst

- Support overall BSA compliance efforts required under the Bank Secrecy Act, the USA PATRIOT Act and the Office of Foreign Assets Control.
- Perform reviews and conduct testing on all of the bank's current Bank Secrecy Act (BSA) policies and procedures to verify the accuracy and completeness of the following: Suspicious Activity Reports (SARs), suspicious activity monitoring alerts, Currency Transaction Reporting (CTRs), Customer Due Diligence (CDD) and Enhanced Due Diligence (EDD) and OFAC reporting, and 314(a) and 314(b).
- Conduct comprehensive investigations and quality assurance reviews for the bank's most complex cases and customers; analyze transaction information, review customer data and recommend SAR or no SAR filings.
- Document quality assurance findings, observations, and make recommendations in clear and concise reports for management and regulatory purposes.
- Manage alert, case and customer review inventory, prioritizing cases based on risk while adhering to service level agreements and procedures; escalate system, model or data integrity issues to management.
- Monitor the information gathering process in conjunction with customer due diligence procedures to ensure employees are gathering all required information.
- Assist with the revision, preparation, writing, and dissemination of new and updated compliance standards and procedures related to both BSA and Quality Assurance; assisted with compliance related ad-hock projects.
- Support the Bank's compliance-related programs, such as compliance training, compliance testing and reporting; participate in model testing and tuning exercises and provides feedback to management.

Wells Fargo

Houston, TX **02/2017 – 06/2018**

Financial Crimes Investigator (Due Diligence Consultant 2)

- Performed reviews of bank customers (individuals/entities), related parties (owners, board of directors, executives) and/or transactions that present a moderate degree of complexity and risk to determine appropriateness for Wells Fargo.
- Performed comprehensive research and background investigations on transactions, individuals, entities, organizations or locations to identify and mitigate associated sanctions, credit, financial crime, and reputational risks while thoroughly documenting findings.
- Reviewed and analyzed due diligence data from a variety of sources to determine overall risk. Performed background investigations and screenings on customers, prospects and/or transactions against various regulatory reporting lists and regionally based sanctions watch lists.
- Evaluated risks to determine permissibility under sanctions, regulations and BSA/AML regulations. Works

- with high-risk customers (e.g. casinos, MSBs, payment processors) to understand controls and activities.
- Provide appropriate direction to the line of business. Escalate confirmed sanctions alerts, PEP matches and other risks appropriately. Perform non- documentary Customer Identification Program or domestic customers in accordance with regulations and bank policy.
- Ensured compliance with guidelines set forth in federal/state anti-money laundering laws and regulations including the Bank Secrecy Act and various sanctions regulations, and in accordance with policy/procedures set by the bank.
- Consulted with peers, line of business managers and other external parties regarding due diligence findings.

Amegy Bank (laid off)

Houston, TX 10/2016 – 2/2017

SBA Loan Processing Specialist II

- Performed client onboarding and due diligence for all new and existing (SBA) small business customers from loan origination to loan closing.
- Provided guidance and assistance to lenders to identify potential process gaps.
- Performed Quality Control Reviews to enhance the workflow process.
- Reviewed customer information including background checks and customer credit history to determine the levels of risks associated with each loan.

JP Morgan Chase & Company

Houston, TX 09/2009-09/2016

KYC AML Risk Analyst/Risk Analyst Officer

- Performed risk analysis assessments by researching, analyzing, and evaluating customer information; reviewed high risk customer types; counterparties; or unusual transactions to mitigate potential risks to the bank.
- Provided guidance and coaching to fellow Analysts to improve quality output of the team based on findings in the Know Your Customer (KYC) KYC and Quality Control (QC) reviews; formulated recommendations that further enhanced the overall due diligence process.
- Summarized course of action by providing detailed analysis and recommendations to team management and all related business partners and related lines of business; escalated any risks identified based upon reviewing the entire customer relationship.
- Worked cross functionally with business process teams including Legal, Compliance and Audit departments and management team to ensure compliance with all applicable regulations.
- Performed risk analysis on business banking customer profiles and account transactions to minimize and prevent operational losses to the bank
- Identified potential gaps and weaknesses in order to submit recommendations for change by interpreting findings and creating individualized action plans on risks and control gaps identified
- Created new policies and procedures for Business Banking, such as the Prohibited Business review procedures.
- Monitored collateral daily and weekly and escalated any customers with insufficient funds to the appropriate credit department or capital advisor for the purpose of obtaining resolution plans; Performed time sensitive collateral reviews for the purpose of approving high dollar amount transfers and withdrawals once collateral positions were determined to be adequate.
