SUMMARY

Dynamic Project Manager with over 9 years of experience in managing IT infrastructure and large-scale projects across commercial, state, and federal sectors. Proficient in cross-functional team coordination and onboarding initiatives, achieving a 100% project completion rate for government agency initiatives. Known for delivering high-quality results, including a 99.27% first-call resolution rate in technical support roles. Committed to leveraging strong organizational skills and expertise to contribute significantly to future projects.

WORK EXPERIENCE

02/2017 – 12/2024	Managed Services Project Manager, Verizon Business	Cary, USA
	• Spearheaded IT maintenance and infrastructure projects for commercial, state, and federal clients. • Functioned as Subject Matter Expert (SME) for onboarding initiatives and offshore resource support. • Coordinated cross-functional teams to meticulously plan and execute large-scale implementation projects.	
05/2016 – 01/2017	Senior Project Coordinator, Verizon Business	Cary, USA
	• Oversaw project tracking, stakeholder communications, and scheduling for government agency initiatives. • Facilitated IT installations for the PA Democratic House of Representatives and PA Department of Agriculture, attaining 100% project completion.	
03/2015 – 04/2016	Project Coordinator, Verizon Business	Cary, USA
	• Managed IT infrastructure projects for healthcare and government agencies. • Delivered and managed IT projects for the Massachusetts Gaming Commission and Centerlight Healthcare with significant success.	
04/2011 – 03/2015	Tech Support Coordinator, Verizon Wireless	North Charleston, USA
	• Provided Tier 2 troubleshooting support, resolving up to 40 escalated cases per shift with an impressive 99.27% first-call resolution rate.	
11/2008 – 04/2011	Customer Service Representative, Verizon Wireless	North Charleston, USA
	• Resolved technical and account-related inquiries while maintaining a perfect 100% first-call resolution rate and a commendable 95.96% schedule adherence.
