EDUCATION

Florida International University

Bachelor of Science in Computer Science (GPA: 3.95)

Miami, FL

Expected Graduation: June 2026

Miami Dade College

Associate's of Arts in Computer Science (GPA: 3.75)

Miami, FL

June 2022 – May 2024

EXPERIENCE

NutriFlow - Founder & Full-Stack Developer

Jan 2025 – Present

Miami, FL

- Developed **NutriFlow**, an advanced fitness and nutrition tracking platform utilizing the **MERN stack**.
- Implemented **robust authentication with JWT**, including **secure account creation**, login, and password reset.
- Engineered **RESTful API** architecture to **integrate data** between fitness logger, workout planner, and dashboard.
- Designed a comprehensive **Fitness Hub** with **categorized exercise splits** and **personalized workout plans**.
- Optimized database queries** and **API response times**, reducing average request latency by **35%**.
- Integrated dynamic UI with **Tailwind CSS** and **React.js** for an intuitive user experience.

PROJECTS

PerezDev's Production Store | React.js, Express.js, MongoDB, Node.js, Tailwind CSS

Sep 2024 – Oct 2024

- Developed e-commerce production showcase platform using **React.js**, **Node.js**, **Express.js**, and **MongoDB**.
- Implemented full CRUD functionality via RESTful APIs for seamless product management.
- Optimized database efficiency, reducing query times by **40%**.
- Enhanced user experience with Tailwind CSS for a modern and responsive UI.

Trusted Health Rates | React.js, Chakra UI, Node.js, Express.js, MongoDB

Sep 2024 – Nov 2024

- Developed a **health insurance comparison platform** with an intuitive UI using **React.js** and **Chakra UI**.
- Implemented a **dynamic routing system** to enhance user experience and navigation.
- Integrated **automated email notifications using EmailJS**, improving lead conversion rates by **30%**.
- Built a scalable backend in **Node.js** and **Express.js**, handling **50+ monthly user requests** securely.
- Enforced **robust security measures**, ensuring **encrypted data transmission** and **industry compliance**.

AI-Powered Resume Enhancer | React.js, Python, OpenAI API, Express.js, MongoDB

Dec 2024 – Jan 2025

- Developing an **AI-driven resume optimization tool** utilizing **Natural Language Processing (NLP)**.
- Integrating **OpenAI's GPT API** for **real-time resume enhancement** based on industry insights.
- Building a **secure backend** with **Node.js**, **Express.js**, and **MongoDB** to manage user profiles.
- Creating an **interactive UI** with **React.js** and **Tailwind CSS** for seamless user experience.

TECHNICAL SKILLS

Programming Languages: JavaScript (ES6+), Python, Java, HTML, CSS

Frontend: React.js, Redux, Chakra UI, Tailwind CSS

Backend: Node.js, Express.js, RESTful APIs, GraphQL, WebSockets

Databases: MongoDB, PostgreSQL, Firebase, MySQL, Redis

DevOps & Deployment: Docker, GitHub Actions, Vercel, Netlify, AWS (EC2, S3)

Tools & Platforms: Git, Postman, Chrome DevTools, Figma, Microsoft Office, JIRA, Notion

Other: Responsive Design, UI/UX, Adobe Photoshop, Adobe Premiere Pro
