

Sai Siva Ranjan Edupuganti

ANDROID DEVELOPER

PA | 412-206-6489 | Saisivaranjan60@gmail.com

SUMMARY

Android Developer with 4+ years of experience in designing, developing, and optimizing high-quality mobile applications across enterprise and consumer domains. Skilled in Kotlin, Java, and Android SDK, with strong expertise in Jetpack libraries (Compose, View Model, Live Data, Room, Navigation) and modern architectural patterns (MVVM, MVP, MVI, Clean Architecture). Proven track record of delivering scalable enterprise apps at ServiceNow by implementing secure API integrations, CI/CD pipelines, and performance-optimized workflows, as well as building customer-facing apps at Virtual Infotech with real-time data handling, custom UI, and Firebase services. Hands-on experience with dependency injection (Hilt, Dagger2, Koin), asynchronous programming (Coroutines, Flow, RxJava), and automated testing frameworks (JUnit, Espresso, Mockito) to ensure robust, maintainable, and efficient applications.

SKILLS

Programming Languages: Kotlin, Java

Frameworks & SDKs: Android SDK, Jetpack (Compose, View Model, Live Data, Room, Navigation, Work Manager)

Architectures: MVVM, MVP, MVI, Clean Architecture

Dependency Injection: Hilt, Dagger2, Koin

Asynchronous & Reactive: Kotlin Coroutines, Flow, RxJava

API & Data Handling: RESTful APIs, Retrofit, OkHttp, GraphQL, JSON, Room, SQLite, Data Caching

UI/UX: XML Layouts, Jetpack Compose, Material Design Guidelines, Custom Views

Testing & Quality Assurance: JUnit, Mockito, Espresso, UI Testing, Test Automation

CI/CD & Version Control: Git, GitHub, GitLab, Jenkins, Bitrise, GitHub Actions, Firebase App Distribution

Cloud & Services: Firebase (Auth, Firestore, Crashlytics, Analytics, Push Notifications), Google Play Services

Performance & Security: App Profiling, Memory Optimization, Secure Coding Practices, ProGuard/R8, SSL Pinning

Tools & IDEs: Android Studio, Gradle, Debugging Tools, Profilers

Other Exposure (Bonus): Flutter (basic), React Native (basic), Wear OS, Android TV, IoT Apps

EXPERIENCE

ServiceNow, PA | Android Developer

Aug 2023 – Current

- Designed and developed enterprise-level Android applications for ITSM and workflow automation, leveraging MVVM & Clean Architecture to ensure scalability and maintainability.
- Implemented Jetpack Compose UI modules with dynamic theming and accessibility compliance, improving user experience across multiple Android versions.
- Integrated ServiceNow REST APIs & GraphQL endpoints using Retrofit/OkHttp for secure data exchange with caching and offline-first support.
- Built secure authentication flows using OAuth2 and Firebase Auth with SSL Pinning & ProGuard/R8 to strengthen enterprise security policies.
- Collaborated with cross-functional teams in Agile sprints, using Jenkins & GitHub Actions for CI/CD pipelines and automated testing with Espresso & JUnit.
- Optimized app performance by profiling memory, reducing cold start times, and implementing Work Manager-based background jobs to handle large-scale enterprise data.

Virtual Infotech Solution, India | Android Developer

Jan 2019 - July 2021

- Developed and deployed customer-facing Android apps in e-commerce and service domains using MVP and MVVM architectures.
- Built custom UI components and Material Design layouts to deliver responsive and engaging mobile experiences.
- Integrated Firebase (Firestore, Crashlytics, Push Notifications) for real-time data sync, analytics, and crash reporting.
- Consumed REST APIs with Retrofit & OkHttp, implementing local storage with Room & SQLite for offline functionality.
- Automated app distribution and testing workflows using Bitrise and Firebase App Distribution, ensuring faster release cycles.
- Collaborated with backend engineers to optimize API request/response handling, reducing network latency by 20%.
- Implemented unit tests (JUnit, Mockito) and UI automation tests (Espresso), improving overall app quality and reducing regression issues.

EDUCATION

Master of Science in Computer Science

Gannon University, Erie, PA

May 2023

Bachelor of Technology in Electronics and Communication Engineering

KL Deemed to be University, Andhra Pradesh, India

May 2020
