

Surya Sarath Bharadwaj Pulla | Quality Assurance Analyst

Location: OH, USA | Phone: +1 (513)-266-7764 | Email: suryapulla10@gmail.com | [LinkedIn](#)

SUMMARY

Results-driven **Quality Assurance Analyst** with **3 years of experience** in **automation and manual testing** across the **insurance, banking, and healthcare industries**. Skilled in developing and maintaining **test automation frameworks** using **Selenium, Cypress, JUnit, TestNG, and Cucumber (BDD)**, increasing test coverage by **70%**. Proficient in **API testing** with **Postman and REST Assured**, **performance testing** with **JMeter and LoadRunner**, and **security testing** using **OWASP ZAP and Burp Suite**. Experienced in integrating **CI/CD pipelines** with **Jenkins and Azure DevOps**, ensuring continuous testing and early defect detection. Strong background in **SQL database testing, defect management (JIRA, TestRail), and Agile methodologies**. Adept at **root cause analysis (RCA)** and optimizing test strategies, accelerating software releases by **35%** while ensuring compliance with **HIPAA, GDPR, and PCI-DSS**.

TECHNICAL SKILLS

Automation Testing:	Selenium WebDriver, Cypress, Playwright, TestNG, Cucumber (BDD), Robot Framework, Junit, Java-script, Java.
API Testing:	Postman, REST Assured, SoapUI, Swagger
Performance & Load Testing:	JMeter, LoadRunner, Gatling, k6
Security Testing:	OWASP ZAP, Burp Suite, SonarQube, Veracode
Test Management & Defect Tracking:	JIRA, TestRail, Xray, qTest, ALM
CI/CD & DevOps:	Jenkins, Azure DevOps, GitHub Actions, GitLab CI/CD, Docker, Kubernetes
Cloud Platforms:	AWS (EC2, S3, Lambda), Azure (DevOps, Functions), Google Cloud Platform (GCP)
Database & Backend Testing:	SQL, MySQL, PostgreSQL, Oracle, MongoDB
Mobile & Cross-Browser Testing:	Appium, BrowserStack, Sauce Labs, TestComplete, Katalon Studio
Agile & SDLC Methodologies:	Agile (Scrum, Kanban), SAFe, Waterfall
Soft Skills:	Strong analytical & problem-solving skills, communication, collaboration, root cause analysis (RCA), attention to detail

PROFESSIONAL EXPERIENCE

Allstate, OH, USA

Aug 2024 – Current

Quality Assurance Analyst

- Developed and maintained **automated test scripts** using **Selenium, Cypress, and JUnit**, increasing **regression test coverage by 70%** and reducing manual testing efforts.
- Performed **API testing** with **Postman and REST Assured**, validating **claims processing and fraud detection API integrations** by verifying request-response accuracy and status codes.
- Executed **cross-browser and cross-device** testing using **BrowserStack**, ensuring compatibility across various devices and screen sizes.
- Conducted **performance and load testing** using **JMeter and LoadRunner**, simulating **1,000+ concurrent users** to identify bottlenecks and improve **system scalability by 40%**.
- Integrated **automated test suites** into **Jenkins and Azure DevOps CI/CD pipelines**, enabling **continuous testing and early defect detection in development cycles**.
- Expertise in **Appium** for **native, hybrid, and mobile web** application testing on **iOS and Android**.
- Logged, categorized, and tracked defects in **JIRA and TestRail**, collaborating with developers and business analysts to **prioritize and resolve critical issues within sprint timelines**.
- Participated in **Agile Scrum ceremonies**, including **daily stand-ups, sprint planning, and retrospectives**, ensuring QA efforts aligned with business and development priorities.

Mphasis, India

May 2022 – Jul 2023

Quality Assurance Analyst

- Automated 70% of test cases** using **Selenium WebDriver (Java, TestNG, Cucumber BDD)**, reducing regression testing time by **50%** and improving test execution efficiency.
- Developed **mobile test automation scripts** for banking applications using **Appium and Selenium**, ensuring smooth UI/UX functionality across mobile platforms.
- Conducted **functional, regression, and performance testing** for mobile applications, reducing crash rates by **30%** before production deployment.
- Led functional, regression, and UAT testing** for banking applications, focusing on **customer onboarding, loan processing, and payment gateways**, ensuring **100% compliance with PCI-DSS and ISO 27001**.
- Developed and maintained API test suites** using **Postman and REST Assured**, identifying and resolving **40% of API failures related to microservices communication**.
- Performed SQL-based backend testing**, validating financial transactions and identifying data integrity issues, reducing **data inconsistencies by 30%**.

- **Conducted load and stress testing** with **JMeter**, analyzing system performance under peak loads, optimizing resource utilization, and **reducing response times by 30%**.
- **Integrated automated test scripts into Jenkins CI/CD pipelines**, enabling continuous testing and **reducing software release time by 35%**.
- **Tracked and managed 500+ defects in JIRA**, collaborating with developers and business analysts to ensure **99% defect resolution before production deployment**.

Fusion Software Technologies, India Automation QA Tester

Mar 2021 – Apr 2022

- Developed and maintained an automated test framework using **Selenium WebDriver, Java & TestNG**, increasing test coverage by **70%** and reducing manual testing efforts by **60%**.
- Automated REST API validation using **Postman and SQL**, improving data exchange accuracy between patient records, billing, and scheduling modules by **50%**.
- Conducted **JMeter-based load testing**, simulating **500+ concurrent users**, identifying performance bottlenecks, and improving API response times by **35%**.
- Integrated automated test suites into **Jenkins CI/CD pipelines**, reducing regression testing time by **40%** and improving deployment efficiency.
- Performed **security testing using OWASP ZAP and SonarQube**, identifying vulnerabilities (SQL Injection, XSS) and ensuring **HIPAA compliance** for patient data security.
- Logged and tracked **300+ defects in JIRA**, worked with developers to resolve issues, and maintained detailed test documentation in **Confluence**.

EDUCATION

Master of Science in Information Technology

Dec 2024

University of Cincinnati, OH, USA.

Grade – 4.0/4.0

Bachelor of Technology in Information Technology

Jul 2021

Guru Nanak Institutions Technical Campus, India.

Grade – A

CERTIFICATION & PUBLICATION

Microsoft Certified: Azure Fundamentals AZ-900

Apr 2025

Innovators Challenge by Literacy Helping Hands and Telangana Innovation Cell.

Apr 2019

Journal of Computing Technologies

Jun 2021

[Detecting and Analyzing the Fake News Information Using Diffusive Neural Network Model.](#)

PROJECTS

Cucumber-Based Test Automation Framework for E-Commerce Website

Mar 2025

- Optimized a robust, scalable, and efficient **Cucumber-based automation framework** for an e-commerce platform, aimed at automating critical workflows like login, product selection, and shopping cart functionalities. The project integrates **Selenium** for browser automation, **Maven** for dependency management, and **Jenkins** for Continuous Integration.
- Integrated automated tests into Jenkins for **Continuous Integration (CI)**, enabled **cross-browser testing** using **Selenium WebDriver**, and containerized the environment with **Docker** for consistent execution across various platforms.
- Utilized Excel for **data-driven testing** and managed the project using Git and GitHub for version control, improving test coverage.

Maven-Junit Selenium Automation Testing Framework

Feb 2025

- Implemented cross-browser Selenium WebDriver framework using **JUnit, TestNG, and Maven**, enabling **parallel test execution** across Chrome, Firefox, and Edge with **WebDriverManager** for automatic driver setup.
- Implemented **reusable automation scripts** for login validation, **UI element interactions**, **alert handling**, **cookies management**, and **iframe** handling, ensuring comprehensive web application testing.
- Optimized test execution by integrating TestNG for structured test runs, leveraging **Page Object Model (POM)** for maintainability, and automating workflows using Java and Selenium best practices.
