

THERESA KANKAM-BOATENG, CPA, ACCA, POPM

theresakboateng@gmail.com | 678-650-5036

PROFILE SUMMARY

Certified Public Accountant with over 13 years of combined experience as a CPA, Data Analyst and Product Lead. Recognized for exceptional skills in leveraging accounting and analytics to provide deep insights into business health, enabling companies to make strategic and informed decisions. Demonstrated expertise in all aspects of financial management, including accounting operations, financial reporting, and maintaining accounting records. A dynamic problem solver with proven leadership and interpersonal skills. Adept at delivering results independently in a fast-paced and dynamic environment while maintaining a strong attention to detail.

WORK EXPERIENCE

Signant Health (Global Med-Tech Company)

Product Lead / Data Analyst

Remote

Aug 2022 – Present

Product & Business Analytics: (Skills: SQL, Power BI, Tableau, Market Research)

- Conduct in-depth data analysis on product performance, user engagement, and market trends within the clinical trial sector, providing strategic decision-making insights.
- Create and maintain interactive dashboards in Power BI and Tableau to track clinical trial key performance indicators and present actionable insights to leadership.
- Utilize data storytelling techniques to communicate insights and recommend strategies for improving conversion rates and product adoption in clinical settings.

Agile Data-Driven Decision Making: (Skills: Agile, SDLC, Data-Backed Road mapping)

- Lead agile ceremonies, including daily stand-ups, sprint planning, backlog refinement, and retrospectives, ensuring data-driven prioritization of clinical trial product features and enhancements.
- Create and maintain detailed business requirement documents, use cases, and system diagrams to facilitate seamless data-driven product development.
- Track key metrics pre/post deployment to measure the impact of product changes and optimize performance over time in clinical trial applications.

Advanced Analytics: (Skills: Predictive Modeling, Machine Learning, Statistical Analysis)

- Design and implement predictive analytics models to assess customer behaviors and optimize business strategies.
- Developed A/B testing frameworks to measure the effectiveness of new product features and business strategies.

Provence Real Estate, LLC
