

Shriya Nama

UI/UX DESIGNER

USA | +1 (469) 844-1787 | Email: shriyanama228@gmail.com | [Linkedin](#)

SUMMARY

Creative and detail-oriented UI/UX Designer with 4+ years of experience crafting engaging, user-centric digital products across web and mobile platforms. Proficient in Figma, Adobe XD, Sketch, and usability research, with a proven track record of improving user satisfaction, conversion rates, and accessibility through data-driven design strategies. Adept at collaborating cross-functionally in Agile environments to deliver visually appealing, functional, and scalable design systems aligned with business goals.

PROFESSIONAL EXPERIENCE

UI/UX Designer | Neuron | USA

June 2025 – Current

- Led the UX strategy and end-to-end design lifecycle for B2B SaaS and consumer applications, including research, wireframes, high-fidelity mockups, and usability testing, resulting in a 35% increase in overall user engagement.
- Conducted user interviews, surveys, and card-sorting sessions with 200+ users to identify pain points, producing data-driven personas that informed navigation and layout redesigns, cutting bounce rates by 22%.
- Designed responsive, component-based UI systems in Figma and Adobe XD, implementing Auto Layout and variant components that reduced design iteration time by 40%.
- Partnered with developers to ensure pixel-perfect implementation of designs across React and Angular front-ends, improving design-to-development accuracy by 98%.
- Developed interactive prototypes and motion transitions using Figma Smart Animate and Principle, enhancing the intuitiveness of key workflows and improving feature adoption by 18%.
- Built a scalable enterprise design system adhering to Atomic Design principles, integrating it with Figma Dev Mode and Zeplin, which improved handoff efficiency by 50%.
- Conducted usability testing and A/B experiments using Hotjar, UserTesting, and Google Analytics, deriving actionable insights that boosted task-completion rates by 28%.
- Collaborated with cross-functional teams in Agile sprints, participating in daily stand-ups, sprint reviews, and backlog grooming sessions to ensure timely design delivery and user-story alignment.
- Championed accessibility and inclusive design by implementing WCAG 2.1 standards, ARIA labels, and color-contrast testing, improving accessibility scores by 40%.
- Delivered executive-level design presentations and workshops to align stakeholders on UX goals, achieving faster buy-in and reducing design approval cycles from two weeks to three days.

UI/UX Designer | Think Design | India

July 2019 – April 2023

- Designed end-to-end digital interfaces for healthcare, fintech, and retail clients using Figma, Sketch, and InVision, improving client satisfaction scores by 30% through intuitive user experiences.
- Conducted competitive benchmarking and heuristic evaluations across 10+ enterprise platforms, identifying usability gaps that reduced workflow friction and improved completion rates by 25%.
- Translated research insights into user journeys, sitemaps, and wireframes, ensuring consistent information architecture and reducing average onboarding time by 20%.
- Created interactive prototypes with advanced animations using Principle and After Effects, enhancing micro-interactions and visual feedback across mobile and desktop interfaces.
- Collaborated with developers to integrate React component libraries aligned with Figma prototypes, improving cross-team efficiency and reducing integration defects by 35%.
- Led remote usability testing sessions with 50+ end-users, gathering qualitative and quantitative data that directly influenced iterative design updates and improved NPS by 18 points.
- Documented and standardized design systems, typography, and color tokens in Confluence and Zeplin, ensuring consistency and reuse across 5 large-scale projects.
- Applied accessibility best practices and WCAG 2.1 standards, ensuring all products passed internal audits and achieved ADA compliance for U.S. client applications.
- Partnered with project managers, business analysts, and QA teams to align user stories and acceptance criteria, reducing rework and achieving 97% on-time sprint deliveries.
- Mentored junior designers in Figma, wireframing, and usability research techniques, fostering a collaborative design culture that improved project delivery efficiency by 25%.

TECHNICAL SKILLS

- Design Tools:** Figma, Adobe XD, Sketch, InVision, Framer, Axure RP
- Prototyping & Wireframing:** Balsamiq, Marvel, Miro, ProtoPie, Zeplin
- User Research & Testing:** A/B Testing, Heuristic Evaluation, Usability Testing, Card Sorting
- Interaction & Motion Design:** Principle, After Effects, Lottie, CSS Animations
- UI Design Systems:** Atomic Design, Design Tokens, Responsive Web Design, Material UI
- UX Strategy:** Information Architecture, Persona Mapping, Journey Flows, Wireflows
- Front-End Integration:** HTML5, CSS3, JavaScript, Bootstrap, React UI Components
- Accessibility & Compliance:** WCAG 2.1, ADA Compliance, ARIA Standards, Inclusive Design
- Analytics & User Insights:** Google Analytics, Hotjar, Mixpanel, UserTesting
- Agile & Collaboration:** Jira, Confluence, Notion, Trello, Slack, Agile/Scrum
- Version Control & Handoff:** Git, Figma Dev Mode, Zeplin Inspect, Component Libraries
- Soft Skills:** Design Thinking, Storytelling, Stakeholder Communication, Creative Problem-Solving

EDUCATION

Masters | Southern Arkansas University/Magnolia, Arkansas, USA

May 2023 – May 2025

Diploma | Fashion Designing/Hyderabad, India

July 2021 – Sep 2022

Bachelors | Nalla Narsimha Reddy Group of Institutions/Hyderabad, India

July 2017 – July 2021
