 - **Development** – C#, JavaScript, OData, Web API, HTML
 - **Tools & Technologies** – Ribbon Workbench, Sitemap Editor, XRM Toolbox, CRM SDK, Configuration Migration Tool
 - **Version Control & CI/CD** – Git, Azure DevOps, SonarQube, Code Quality Check
-

PROFESSIONAL EXPERIENCE

Microsoft (Sept 2019 – Present) | Consultant

- Led teams in designing and implementing **PowerApps, Dynamics 365, and CRM solutions** for global enterprises.
- Spearheaded **full-scale CRM migrations and integrations**, ensuring seamless transitions and optimal performance.
- Developed and optimized **custom solutions** using Power Platform and Dynamics 365 CE.
- Managed large-scale **PowerApps Portal implementations** with 200+ services across multiple modules.
- Delivered **automation solutions using Power Automate and PowerShell**, enhancing operational efficiency.

- Led **cross-functional teams**, ensuring timely project execution and alignment with business objectives.

KPMG (July 2018 – Sept 2019) | Associate Consultant

- Developed **customer engagement solutions** for **HSBC and Bank Accelerator** using Dynamics 365 CE.
- Designed and deployed **CRM automation workflows** to enhance customer service and sales processes.

Apar Technologies (Sept 2016 – July 2018) | Associate Consultant

- Engineered **custom XRM solutions** integrating sales, service, marketing, inventory, finance, and HRMS modules.
 - Developed **HRMS and CRM solutions** for global clients, ensuring seamless functionality and scalability.
-

RESPONSIBILITIES

- Designed and developed **enterprise-scale CRM and PowerApps solutions** aligned with business goals.
 - Conducted **requirement analysis, impact assessments, and fit-gap analysis** to optimize CRM implementations.
 - Implemented **secure and scalable Power Platform solutions**, ensuring compliance with Microsoft best practices.
 - Led **technical workshops, client trainings, and stakeholder consultations** to drive solution adoption.
 - Developed and maintained **CI/CD pipelines, ensuring high code quality and deployment efficiency**.
 - Created comprehensive **technical documentation (TDD, Deployment Guides, Release Notes)**.
 - Championed **coding best practices, security validations, and quality assurance measures** in all implementations.
-
