

Neha Chowdary Bezawada

Full Stack Developer

neha.bez40@gmail.com | +1 3864567855 | USA | Linkedin

PROFILE

Full Stack Developer with expertise in designing and delivering scalable web applications using React.js, Next.js, Node.js, NestJS, Java, and Spring Boot. Skilled in developing secure REST/GraphQL APIs, optimizing PostgreSQL databases, and deploying applications on AWS with Docker and CI/CD pipelines. Adept at Agile delivery and test-driven development, with a proven track record of building high-quality features that enhance performance, reliability, and user satisfaction.

EDUCATION

University of central florida, Master of Science, computer science	Aug 2023 – May 2025 Florida, USA
Vellore Institute of Technology, Bachelor's in Computer Science	Jul 2019 – May 2023 Amarvathi, India

PROFESSIONAL EXPERIENCE

Wayfair, Full Stack Developer	Oct 2024 – present Remote, USA
- Designed and deployed customer-facing features using React.js, Next.js, Node.js, and PostgreSQL, improving product discovery and checkout performance. - Built REST and GraphQL APIs with NestJS, enabling real-time updates for inventory and order management. - Reduced backend latency by 30% through optimized PostgreSQL queries and caching strategies. - Containerized services with Docker and deployed to AWS ECS (Fargate) and Lambda, achieving 40% faster release cycles. - Implemented secure authentication and authorization using OAuth2.0 and JWT, ensuring compliance with enterprise security standards. - Collaborated with cross-functional teams in Agile sprints, delivering 15+ production features with zero post-release rollbacks.	
Hexaware Technologies, Full Stack Developer	Jan 2022 – Jul 2023 Hyderabad, India
- Developed enterprise web applications using React.js, TypeScript, and Spring Boot, reducing workflow completion time by 35%. - Built and optimized REST APIs and microservices with Spring Boot and PostgreSQL for real-time transaction processing. - Automated deployments using Docker and Jenkins on AWS EC2/ECS, cutting deployment time by 40%. - Secured APIs with OAuth2.0 and Spring Security, protecting sensitive financial data. - Contributed to Agile sprint planning and testing (JUnit, Mockito, Selenium), ensuring 85%+ test coverage and stable releases.	

SKILLS

Frontend: React.js, Next.js, Redux, HTML5, CSS3, Tailwind CSS

Backend & APIs: Node.js, NestJS, Express.js, Spring Boot, Hibernate, GraphQL, REST, Microservices

Databases: PostgreSQL, MongoDB, MySQL

Cloud & DevOps: AWS (ECS, Lambda, S3, RDS, CloudWatch), Docker, Jenkins, GitHub Actions

Testing: Jest, Cypress, JUnit, Mockito, Selenium

Tools & Practices: Git, GitHub, Postman, Swagger, JIRA, Agile, Scrum, CI/CD, TDD

CERTIFICATES

- AWS Cerified Developer Associate, Jan 2025
- Big Data Foundation – Gold Certified, Aug 2021
- 2nd Prize – CSI Chapter VIT-AP Idea Plugin Hackathon Event: Idea Plugin | Organized by CSI Chapter, VIT-AP | May 2021

PROJECTS

E-Commerce Web App, Shopify Prototype	Feb 2024 – Apr 2024
Built scalable e-commerce system with React.js, Spring Boot, and MySQL; achieved 99.5% uptime and 50% faster search response.	
Sign2Speech, AI Project	Oct 2023 – Dec 2023
Developed deep learning–based sign language recognition model with TensorFlow and OpenCV, achieving 85% accuracy and improving accessibility.	
Training and Project Management Portal	Jan 2022 – Mar 2022
Created full-stack portal with React.js, Node.js, MongoDB, and AWS; increased enrollment by 40% and reduced manual certification work by 60%.
