SUMMARY

Client-focused Healthcare IT System Administrator with 10 years of customer-facing experience and a strong background in project management. Proven expertise in leading end-to-end implementation of healthcare solutions, ensuring seamless integration and user adoption. Adept at collaborating with cross-functional teams to drive project success, enhance client satisfaction, and achieve organizational goals. Recognized for excellent problem-solving skills, attention to detail, and commitment to delivering high-quality outcomes in dynamic healthcare environments.

EXPERIENCE

HIT SYSTEM ADMINISTRATOR, NCP

Liberty Resources | August 2024 - November 2024

- Led a major EHR upgrade project to ensure a seamless transition through extensive data analysis and testing procedures.
- Managed daily operational tasks, including system monitoring, troubleshooting, software patching, and user support, ensuring high uptime and smooth IT service delivery.
- Laid off due to company-wide layoff

IMPLENTATION SPECIALIST II, TEAM LEAD

NextGen | June 2022 - August 2024

- Led the implementation of healthcare software solutions for 500+ health facilities and oversaw 5 Jr. Implementation Specialists
- Managed project timelines, budgets, and resources to ensure successful deployment within scope and deadlines.
- Trained end-users and provide ongoing support to ensure a smooth transition and optimal utilization of new systems.
- Conducted post-implementation reviews to identify areas for improvement and ensure continuous enhancement of services.
- Developed detailed project plans, including scope, objectives, timelines, and resource allocation.

TECHNICAL SUPPORT SPECIALIST

INE | June 2020 - June 2022

- Helped transition legacy documentation and materials to newer platforms for INE's Cyber Security Training Software
- Maintained system performance by monitoring operations and correcting routine issues.

APPLICATION SUPPORT II

Nextgen Healthcare | January 2018 - June 2020

- Provided exceptional support to healthcare providers and patients, resolving technical issues and inquiries.
- Conducted training sessions for new users on system functionalities and best practices.

EDUCATION

BACHELOR OF SCIENCE, BUSINESS ADMINISTRATION

East Carolina University | 2016
